ASKS HEARING OF GAS CASES

City of Rushville Today Mails Petition to Public Service Commission at Indianapolis.

TEN REASONS SET FORTH

Main Contention is Act Creating Commission is Unconstitutional, Violating Constitution.

A petition asking for a re-hearing of the gas rate increase cases of the Peoples Natural Gas company and the Central Fuel company was mailed to the Public Service Commission this afternoon by Kiplinger and Smith, representing the City of Rushville.

The same reasons are set forth in both cases. Ten causes are given why the city should have a re-hearing. For the most part the city alleges that the act of the commission was unconstitutional. The petition for a re-hearing will in no manner effect the injunction suits to be filed here against both the gas companies and the Public Service Commission.

The suits to be filed here will be to enjoin the gas companies and the one against the commission will be to test the law which authorized and empowered the commission in the state of Indiana.

It is set out in the petition for a re-hearing that the order is contrary to law in that it violates Section 10, Article 1 of the federal constitution. This section of the federal constitution has to deal with impairing the right of contracts. Another reason assigned why the city should have a re-hearing is that Section 1, Article 14 of the amendments to the federal constitution is violated with the order of the commission authorizing the gas rate increase.

It is further alleged that the order giving the gas companies an increase in rates is a violation of Section 24, Article 1 of the constitution of the state of Indiana. It is also alleged to be a violation of Sections 21 and 23 of the Indiana constitution. It is pointed out to the commission that the gas companies here were operating under a franchise granted pursuant to ordinance passed by the city and the right of the commission to take away this franchise is questioned.

The petition, it was stated, would likely receive little encouragement at the hand of the commission as the very life of the commission is attacked. The petition claims that the commission was wholly without power to permit the gas companies to raise their rates because chapter 76 of the Acts of 1913 is unconstitutional. It was in the acts of 1913 that the Public Service Commission created. In declaring that the act was unconstitutional it is pointed out that the federal constitution is violated; that the state constitution is violated, and that the rate granted by the commission is excessive.

MASONIC FUNERAL.

Phoenix Lodge, No. 62 F. & A. M. will meet at the Masonic Temple Monday at one p. m. for the purpose of attending the funeral of Brother J. G. Lewis.

KNIGHTS TEMPLAR FUNERAL.

Rushville Commandery No. 49 K. T. will assemble at the Masonic temple Monday at one o'clock p. m. for the purpose of acting as an escort at the funeral of Sir Knight J. G. Lewis.

EDWARD YOUNG EXPIRES TODAY

Death Comes to Civil War Veteran and One-Time Prominent Business Man About 3 p. m.

SICK SINCE EASTER SUNDAY

Born in England, He Came to United States in 1842, Not Locating Here Until After War.

Edward Young, age seventy-five years, veteran of the civil war and one-time prominent business man of Rushville, died at his home at 330 West Seventh street this afternoon about three o'clock. He took sick after appearing with the Knights Templar at the annual Easter services a week ago last Sunday and for the last several days his condition has been critical.

Mr. Young was born in Yorkshire, England, December 12, 1839. He was the second of eleven children born to Henry and Eleanor Young. Before Mr. Young was three years old his parents came to this country, first locating near Wilmington, Del., ultimately settling in Franklin county in 1852.

Eight years later Edward went to Douglas county, Ill., where he engaged in farming. On July 23, 1861 he enlisted in Co. F, 18th Regiment, Indiana volunteers, and served with such credit that he was promoted several times and was acting regimental quartermaster, when discharged April 28, 1865.

Mr. Young served with distinction during the war. He enlisted as a private, but in July 1862, a year after he had entered the war, he was promoted to corporal of his company. In February, 1863, he was promoted to sergeant, and in August, 1864, he was commissioned first lieutenant and was given command of companies A, F. and D. of his regiment. He continued in command until May, 1865, when he was detailed as acting regimental quartermaster.

He participated in twenty-two distinct engagements, and at different times was entrusted with the performance of duties requiring the highest degree of courage and loyalty. In May, 1865, while first lieutenant, he was detailed with fifty men to hoist the stars and stripes on the old arsenal at Sand Hill, near Augusta, Georgia.

At one time during the latter part of the war he had the distinction of having in his charge as prisoners the distinguished Jefferson Davis, Mrs. Stevens, A. H. Stevens and a man named Reagan, who later became senator from Texas. Mr. Young's father and two of his brothers also served in the Union army.

After the war he went to Franklin county, but located here in March 1878. He entered the elevator business and became president of the Gem Flouring Mill Company. Mr. Young was a member of the Christian church, Masonic and K. of P. lodges, and the G. A. R. He was twice trustee of Posey township, Franklin county, and once city councilman from the third ward here. He was a Republican.

He is survived by his widow and several brothers and sisters. The funeral will be held Tuesday afternoon at two o'clock and the Knights Templar will officiate.

EVACUATE MATAMORAS.

(By United Press.) Brownsville, Texas, April 17.—Villista besiegers of Matamoras are in full retreat toward Monterey, apparently intending to join Villa at Celaya. The retreat begun yesterday noon and the camp today is entirely deserted, while the Carranzista garrison in the city is celebrating.

DR. JOHN G. LEWIS DIED LAST NIGHT

Prominent Physician, Former Secretary of City Health Board, Expired of Pneumonia.

SICK LITTLE OVER A WEEK

Took Active Part in Lodge Work and Was Candidate For County Coroner in 1914.

Dr. John G. Lewis, a prominent physician, died last night at 9:45 o'clock at his home in North Jackson street following an illness of about a week with pneumonia. Dr. Lewis was widely known throughout the county and his death came as a shock to his many friends. He was taken ill Thursday of last week and pneumonia developed.

Dr. Lewis was fifty-two years old. He had practiced medicine in this city for a number of years and enjoyed a large acquaintance, not only in his profession but on the outside. He was a son of the late David Z. Lewis and was born February 28, 1863.

Dr. Lewis was active politically, having been a candidate for county coroner at the last election. He served as secretary of the city board of health under the Black administration. In lodge work he was always quite active. He was a member of the Masonic, Knights of Pythias, Odd Fellows and Modern Woodmen orders. Dr. Lewis was also the local scribe of the Ben Hur insurance order. He was the physician of the local camp of the Modern Woodmen lodge and at the last state convention of this order was a candidate for the office of state medical examiner, but withdrew from the race at the last moment.

He is survived by his widow and one son, John Lewis. He is also survived by one brother, Horace Lewis, and one sister Mrs. Imogene McElree, of Washington D. C. The funeral services will be conducted Monday afternoon at two o'clock at the Main Street Christian church by the Rev. C. M. Yocum. The services will be in charge of the Masonic lodge and the Knights Templar will act as escorts.

FOURTH EXCURSION INTO ENGLAND MADE

German Taube Appears Over Selby in Yorkshire Today But no Bombs Are Dropped.

SWOOPS CLOSE TO THE EARTH

London, April 17.—A German taube flew over Selby in Yorkshire, fourteen miles from York today on the fourth aerial invasion of England in the past sixty hours. Selby is 160 miles northwest of London. First dispatches to London indicated that the taube flew from the North Sea from the direction of Hull.

The taube was first sighted at 11 a. m. traveling rapidly at a great height. The German then tilted downward in zigzag fashion, swooping the earth and circling the town. He departed in an easterly direction. The Selby authorities reported they had heard of no bombs having been dropped.

Mrs. Ernest Black and son of Muncie, Indiana, arrived today for a visit with Mrs. Back's mother, Mrs. Mary Ford.

COLORED BOY WINS CONTEST

Leroy Brown of Richmond Victorious in Sixth District Discussion League Meeting.

VIEWPOINT COMPREHENSIVE

Theodore Miller of Charlottesville Finishes Second and B. G. Wilson of Newcastle Third.

Leroy Brown, a colored boy, of Richmond, won the annual contest of the Sixth District High School Discussion League at the Graham school assembly room last night. He was generally conceded to be by far the best of the three entrants and it did not require much time for the judge to reach a decision.

Theodore Miller, representative of the Charlottesville high school, was placed second and Bryan C. Wilson of the Newcastle high school was third. By winning last night, the Richmond candidate gained the right to represent the sixth congressional district at the state discussion contest which will be held at Bloomington under the auspices of Indiana university.

The subject the debaters discussed last night was: "How May We Secure Greater Economic and Administrative Efficiency in County Government." There wasn't much question, but that the winner took a more comprehensive viewpoint of the subject. Bryan Wilson appeared to have a chance, but for the fact that he confined his discussion entirely to the good road question.

Theodore Miller spoke first. He thought substitution of the short ballot, the alternation of elections, giving a head to county government and eliminating party lines would bring about better administration and more economy in county government. He declared that the short ballot was not hailed as magic, but that it would correct many of the evils of present county governments.

He thought that elections should be alternated so only a few offices would be submitted each time. The Charlottesville contestant reasoned that voting the straight ticket was one of the primary causes for weak men in office. He asserted that the man who votes the straight ticket is not a good citizen. As an encouragement to vote a mixed ticket, he advised that the candidates not be arranged under the head of parties. He explored the fact that while the nation and state has an executive head, the county has none. He declared that the county government was never organized, but just grew. Mr. Miller concluded by briefly mentioning the merit system in county offices as a means of bettering the administration of county affairs.

Bryan G. Wilson lay at the door of the present system of county road maintenance the blame for the lack of efficiency in county government. He said that in his own county of Henry \$11,500 in salaries had been paid out in one year to road officials. He decried the fact that there are two purchasing systems and cited that such conditions did not exist in private businesses. He asserted the purchase of road machinery involved too great an expenditure for the results which were obtained, calling attention to the fact that the average road machinery rusts out, not wears out.

The Newcastle candidate closed by advocating a county highway engineer, who, he said, would save the county thousands of dollars a year. He also proposed a law to do away with township road supervisor, but still retain the township road tax.

BELIEVE ACTION SHOULD BE TAKEN

Those Interested in Proposed Dixie Highway Coming This Way Think Rushville Should Act.

ROUTE IS NOT SETTLED YET

Southern Cities in Indiana Making Warm Fight to Take it Directly South From Indianapolis.

Since Cincinnati is making such a stalwart effort to deflect the course of proposed highway from southern Indiana to southeastern Indiana, Rushville men who received communications from Cincinnati and who have come in touch with the situation feel that some action should be taken to let the highway commissioners know that Rushville is with Cincinnati in this effort, and that the Rush County Chamber of Commerce should be the medium of expression.

Cities in southern Indiana are hard at work to see that the highway takes a direct course from Indianapolis to Louisville. The Cincinnati Chamber of Commerce wrote here some time ago to interest Rushville commercial bodies in its effort to change the course to the scenic part of Indiana.

The proper method to be pursued, it is believed by many, would be to send representatives from Rushville when the highway commissioners hold their next meeting. Cincinnati will be represented, as will other cities which would be benefited by the route coming through southeastern Indiana.

Governor Ralston yesterday issued a statement defending his position in appointing Carl G. Fisher and Thomas Taggart as commissioners from Indiana, and incidentally mentioned that he had called a meeting of all commissioners for Louisville. But a later dispatch from Chattanooga, Tenn., said that C. E. James, president of the Dixie Highway association declined to act on the suggestion of Governor Ralston, that the directors meet April 21 in Louisville to select route from the proposed highway, which is to be built from Chicago to Miami, Florida. Mr. James declared, according to the dispatch, that politicians would prevent practical accomplishments in the meeting and that the association "stands by its former action in designating the route through Tennessee."

In his statement, Governor Ralston took a fling at the South Bend Tribune, which paper has been criticizing the appointment of Taggart, and says the Tribune's attacks on Taggart are not calculated to make the sage of French Lick any friendlier to South Bend.

The Governor says the contest for the highway south of Indianapolis does not concern South Bend in any way and that it makes no difference to the northern Indiana city.

The Bloomington Commercial Club has appointed committees and has gone to work in earnest in an effort to have the commissioners choose a route that will put the highway through Monroe county. A recent issue of the Bloomington Journal says a committee went out from Bloomington and found a road on which automobiles can run at high speed. That seemed to make it unanimous for Monroe county, says the Columbus Republican.

Announcement was made that representatives of the commercial bodies of Columbus, Edinburg, Franklin and Seymour will meet in the Commercial Club rooms at Columbus Monday night at 7:30 o'clock to start a movement to bring the Dixie highway through the places mentioned.

TAGGART OFFERS AN EXPLANATION

Says he Went on Roberts' Bond When Latter Was Indicted, so he Would Get Fair Show.

ASKED TO BOND MEN AGAIN

Doubtful Today Whether Terre Haute Conspirators Could Defend Trip to Leavenworth.

(By United Press.)

Indianapolis, Ind., April 17.—Thomas Taggart, Democratic national committeeman for Indiana, came here today from French Lick. He volunteered an explanation of why he had gone bond for Mayor Donn Roberts of Terre Haute when the latter was indicted for election conspiracy.

"Nobody asked me to go his bond," said Mr. Taggart. "I did it not because I indorsed anything wrong that had occurred, but because I wanted to see Roberts get a fair show."

Taggart said he had been asked to go on the bond of the Terre Haute men in jail under sentence to Leavenworth, but that he had taken no action.

Mayor Donn M. Roberts, Circuit Judge Eli Redman, two of the convicted Terre Haute election conspirators, were considerably less hopeful today over the prospects of providing bond and deferring their trip to Leavenworth. When Crawford Fairbanks left this city late yesterday, their chances dimmed. Judge A. B. Anderson announced today that he would be in Chicago Monday and in Hammond, Ind., Tuesday, which caused the supposition that unless bonds were provided before night by the eleven men seeking appeal they would be sent to Leavenworth.

An incident was related today how Redman and Fairbanks met for a private conversation in the Denison hotel where Redman had been taken under guard for a bath. After a few minutes talk, Fairbanks left the room. Redman then spoke to Mrs. Redman and she burst into tears. It is believed the Democratic leader gave final word that he would not provide bond.

District Attorney Frank R. Dailey waited at his office until after 5 o'clock believing that bond might be presented. While Dailey and other court attaches were expecting Stanley to appear with bond, and while the newspaper offices were receiving numerous telephone inquiries about the status of the bond question, Mr. Stanley was discovered in the office of Roby & Salsbury, stretched out on a divan, leisurely reading a magazine.

Stanley referred all questions regarding the bond to Salsbury, and Salsbury declined to hazard an opinion on the probable time that surety would be obtained.

While in Indianapolis Thursday evening, Crawford Fairbanks expressed the belief that surety might be obtained for the release of some of the accused. Harry S. Montgomery and George Ehrenhardt, members of the board of works of Terre Haute, were expecting to supply bond last evening, but they failed to do so. They were permitted to go to the office of United States Marshal Storen to confer with persons in Terre Haute over the long-distance telephone. Montgomery expressed confidence that surety for his release would be forthcoming shortly. August Fromme and Carl Stahl of Terre Haute visited Montgomery and Ehrenhardt yesterday morning, but they did not supply the necessary surety.

W. L. Slinkard of Bloomfield, attended.

SET NEW HIGH MARK TODAY

July Wheat Options Closes in Chicago at \$1.36 a Bushel.

Chicago, April 17.—July wheat options today reached the highest price ever offered during the present flurry in wheat. Quotations at the close today were \$1.36, an advance of two and five-eighths cents. May wheat was up one cent, closing at \$1.62, and September closed at \$1.19½ a gain of one and three-quarters cents. May and July corn advanced one and three-eighths cents, the former closing at 77 cents and the latter at 79½. September corn was up one and five-eighths cents, closing at 80 1/8. May oats was up three-eighths of a cent, closing at 57 7/8, and July and September advanced three-quarters and five-eighths respectively.

With The Churches

—Regular services at St. Mary's Catholic church, conducted by the Rev. M. W. Lyons. Masses at 8:00 and 10:00 a. m. Vespers at 3:00 p. m.

—Christian Science services every Sunday at 10:45 a. m. and Wednesday at 7:45 p. m., at northwest corner Fourth and Harrison streets.

—“Things That Make a Church Strong” will be the morning sermon subject by the pastor at the First Baptist church Sunday morning at 10:30 o'clock. He will preach in the evening on the subject, “The Resurrection Here and Now.” Other services as usual.

—Subject at Hannegan Sunday morning, “The secrets of God.” Bible school at ten, preaching at eleven, sermon, 730. “The Truth About Living.” Cordial invitation to all.

—The usual services will be held at the Main Street Christian church Sunday, with preaching by the pastor in the morning at 10:30 and at night at 7:30. Sunday school at 9:15.

—Services at the First Presbyterian church Sunday will be as follows: 9:15 a. m., Sunday school, B. O. Simpson, superintendent; 10:30, divine worship, sermon, “Restoring the Waste Places;” 2:30 p. m., Junior society; 7 p. m., personal workers; 7:30, evening service, sermon, “The Sabbath was Made For Man.” Thursday evening at 7:30 prayer meeting will be held.

—St. Paul's Methodist Episcopal church, A. D. Batchelor, pastor. Sunday school, 9:15 a. m. Leonard Clark, superintendent. The pastor will preach both morning and evening. Morning subject, “Crossing Lines With God.” Evening subject, “An Appalling Shipwreck.” Evening service will begin at 7:30 o'clock Thursday 7:30 p. m., mid-week meeting for Bible study and prayer.

Smoke FAIR PROMISE 5c Cigars

AVERAGE FARM WAGE IS LESS

Decrease of Small Per Cent Noted Last Year Over Year Previous. Average Was \$29.88

DEPRESSION HIT THE SOUTH

Producers Received More for Farm Products Last Winter Than Any Year in Recent Years

(U. P. Staff Correspondent.)

Washington, April 17.—Farm wages in the United States last year were less by 1.7 per cent than in the year before, although 9 per cent higher than five years ago.

For the whole country, the average wage without board in the past year was \$29.88, as compared to \$30.31 the year before, \$27.43 five years ago and \$19.97 fifteen years ago. Nevada averaged \$56 last year the highest among the states; South Carolina averaged \$16.50 the lowest. Where board was added to the

money wage, the average for the United States last year was \$21.05 compared with \$21.38 the year before; \$20.01 five years ago and \$13.90 fifteen years ago. Nevada's \$39 was the highest average, and South Carolina \$12 the lowest.

The average pay, without board, for day labor, other than harvest labor, was \$1.45 a day, compared to \$1.50 a year ago and \$1.29 five years ago. Montana was highest with an average wage of \$2.54. Day wages with board averaged \$1.13, as compared to \$1.16 a year ago and \$1.03 five years ago.

Harvest time day labor, without board, averaged \$1.91, compared to \$1.94 a year ago, and \$1.71 five years ago. North Dakota's average was \$3.25 highest in the United States; Mississippi's, \$1.06 the lowest. The same labor with board was paid \$1.55 as against \$1.57 a year ago and \$1.43 five years ago. State averages ran from \$8.2 in Mississippi to \$2.68 in North Dakota.

The depression in the cotton market caused the South to experience the greatest reduction. A few states showed slight advances in some lines.

All post offices now have application blanks for use of farmers who wish to employ help through the government farm labor employment service.

The International Institute of Ag-

riculture gives the following list of countries from which it is forbidden to export certain articles of food:

Cereals generally are forbidden to be shipped out of Austria-Hungary, Belgium, Bulgaria, Denmark, France, Germany, Great Britain, Ireland, Italy, Netherlands, Roumania, Sweden, Switzerland, Egypt, Tunis, Union of South Africa, Australia (except to Great Britain) New Zealand, and to some extent, out of Russia and Canada.

Great Britain, Ireland and Switzerland prohibit the export of all foodstuffs.

Producers were paid higher prices for their farm products during the past winter than in recent years. On March 1, crop prices averaged about 7.6 per cent higher than on that date a year ago, 27.1 per cent higher than that date two years ago and 12 per cent higher than the average for seven years on March 1.

The level of prices paid for wheat animals decreased 1.7 per cent during the month from January 13 to February 15, while there had been an average increase for that period in the past five years of 1.4 per cent.

The average price on February 15 of meat animals (hogs, cattle, sheep and chicken) was \$6.46 a hundred pounds, as compared to \$7.27 a year ago, \$6.70 two years ago, \$5.54 three years ago, \$6.19 four years ago and \$6.71 five years ago on that date.

PAIGE

"The Standard of Value and Quality"

In Paige Cars You Will Find Real Economy

Real economy in motor cars is vastly more than a mere matter of tire mileage and low gasoline consumption.

Practically any car of light, "flimsy" construction will make a creditable showing so far as its tires and carburetion are concerned. But **Repair Bills and Depreciation** may tell quite a different story. And these—after all is said and done—are the items of upkeep which stamp your car as an Economy or an extravagant Luxury.

If you have seen the new Paige Six "46", you can readily understand why the item of Depreciation on this car is bound to be a small one. This car is one year ahead of the field. It is not an old model "dolled" up with a fictitious 1915 label and a fictitious price. It is refreshingly new in lines, design and equipment. It belongs to no "school" for it is rapidly establishing a school of its own—the **School of 1916**.

"The year ahead car"—that's what they call the Paige "Six." And if you are really interested in economy, that is the car you will want to buy.

Economy in the Paige "Six-46" Economy in the Paige "Four-36"

\$1395

\$1075

The Paige-Continental 3½ x 5½ motor is undoubtedly the most efficient power plant that can be found in the light Six class to-day. This motor possesses a world of power and "snap", but—in combination with the celebrated Rayfield carburetor—it reduces gasoline and oil consumption to a minimum.

Then, the Paige Six weighs only 3100 pounds **ready for the road**. Resilient cantilever springs insure that marvel of easy riding, and with scientific weight distribution—there is no unnecessary wear and tear on tires.

So, mechanically, the Paige Six owner can depend upon substantial savings in gasoline, oil, tire and general repair bills. And—most important of all—he knows that his car will suffer less depreciation than any other light Six on the American market. This, because of Paige Design—"year ahead" Design.

All Paige cars are equipped with the Gray & Davis starting and lighting system—the unexcelled Bosch magneto—and a multiple disc clutch with cork inserts. No better features appear on **any car—at any price**.

—Mr. and Mrs. Ed L. Beer went to Cincinnati today where they attended the funeral of Morris, little son of Mr. and Mrs. M. C. Smith of that place.

GRAND DUKE IS SHOT.

(By United Press.)
Berlin, (By Wireless to Sayville), April 17.—Grand Duke Nicholas, commander in chief of the Russian armies, has been shot in the abdomen by Baron Sievers, who then committed suicide, says a story in a Duisburg newspaper, which declares the news in from unimpeachable sources. They had quarreled after the grand duke had rebuked the baron for a defeat. The grand duke was seriously wounded, the paper said.

MOTHER AND CHILD KILLED.

(By United Press.)
Wabash, Ind., April 17.—Mrs. C. B. Earle, wife of an oil driller, was instantly killed today and her daughter, Beatrice, age three, was fatally injured when they were struck by a Wabash train. Beatrice died later. Another child, age eight, is believed to be dying from injuries.

THREE MINERS KILLED.

(By United Press.)
Bluefield, W. Va., April 17.—The mine of the Davy Pocahontas Coal company at Davy, W. Va., blew up early today. This being a slack day in the coal fields, only six men were caught. Three men are dead, but the other three escaped. The explosion was caused by gas and the mine is not much damaged.

ZEZPELIN IN ADRIATIC.

Paris, April 17.—One of the two Zeppelins Germany gave Austria fell into the Adriatic while maneuvering off Pola, according to dispatches received here today. Every member of her crew perished.

MADE WARDS OF COURT.

Five boys were severely reprimanded by Judge Sparks in juvenile court this morning for breaking into the Jersey City school house, and were made wards of the court. They were released pending good behavior. The boys were, Verne Thompson, colored, Harold Jones, Bruce Carr, Norman Reed and Harold Wolcott.

The case of Leander Billman against the Blue River School township and John Handy, to quiet title, has been received in the local court on a change of venue from Hancock county.

Babies were born one day this week to the wives of Harry Headlee and Connie Wagoner of Richland. The mothers are sisters. The Headlee baby is a girl and the other a boy.

Society News

There will be a dinner dance at the Social club rooms next Tuesday evening.
Miss Genivieve Brown will entertain the Shakespeare club Monday night at her home, 530 North Main.
The Tri Kappas will be entertained next Monday evening by Mrs. Charles Offutt at her home in East Sixth street.
Miss Mary Amos entertained the members of the Embroidery club at her home in North Perkins street this afternoon.
The Misses Helen Scott and Genivieve Brown entertained the Auction Bridge club last evening at their home 530 North Main street and was followed by a theater party.
A number of friends of Miss Gladys Bebout surprised her last night on her birthday anniversary. The guests included Mary Louise Poe, Mary Louise Bliss, Beatrice Reeve, Gladys Wallace, Fred Osborne, Robert Helm, Simeon Stewart, Lawrence Clark and William Carter.

Mrs. Will M. Sparks, Mrs. Robert L. Tompkins and Mrs. T. W. Betker entertained a large company of women at the Social club rooms yesterday afternoon. There was a program of instrumental music and songs, and readings and dialogues, by three students of DePauw university—Clarence Ball of Lebanon, George Kadel and Alva Wynnecoop of Indianapolis, who were brought here by the hostesses for the occasion. In the evening Judge Sparks, Mr. Betker and Mr. Tompkins joined as hosts and husbands of the women who were guests in the afternoon were given an elaborate dinner. The evening was spent at cards.

Amusements

The Princess offers a two reel drama "The Apartment House Mystery" for the first picture tonight. Ruth Roland and Cleo Rigley are featured. It is a detective drama filled with interest and mystery. The other is a comedy entitled "The Combination." Sidney Drew is featured in this one, which is a story of the newly weds. On Monday matinee and night the five reel feature "Wildfire" will be shown. Lillian Russell is featured in this great race horse drama. The picture is taken from the play of the same name.

The Gem will show a four reel Apex feature "The Secret Seven" for the program tonight. It is a story of adventure that is said to be full of thrills. One of the thrilling scenes is the escape of the "Secret Seven" in a balloon followed by the detective in an aeroplane. It is said to be a wonderful picture and is a sensation from beginning to end. On Monday night the two reel Imp drama "The Awaited Hour" will be shown. William Shay and Violet Mersereau are featured.

The Mystic will show the two act feature "The Adopted Baby" and the comedy "Frank's Nightmare" for the program tonight. The two reel picture is said to tell a beautiful story and is full of human interest. The comedy is said to be a clever production. On Monday night the two reel drama will be offered.

Two Years of Blunders

The national Republican congressional committee has issued the following statement concerning the two years record of the Democratic congress:

The day of reckoning has come.

The legislative history of two years of Democratic rule was completed March 4. Those two years have been marked by one of the most active periods of law making this country has ever seen. With a House ready and able to execute his decrees down to the last word and with a working majority in the Senate, President Wilson took the oath of office March 4, 1913. With prophetic eagerness he summoned Congress in extra session a month later. With the exception of six weeks of respite last fall the party machine has been in operation ever since, grinding out experimental laws that affect every phase of our social and commercial life.

What does a study of that record show?

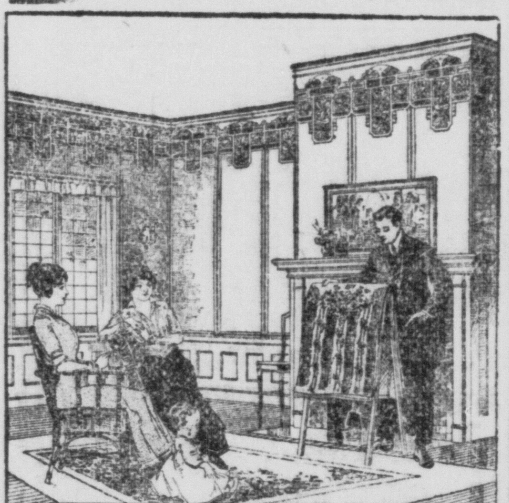

It discloses the fact that during that time the Democratic Congress has enacted and the Democratic President has signed more crude imperfect and nugatory laws than ever were written during the same length of time by any American Congress. It furnishes an indictment of haste and lack of legislative intelligence that is bound to be humiliating to the party responsible.

That there has been a tremend-

Beware of Ointments for Catarrh That Contain Mercury

as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.

ous quantity of legislation cannot be denied. More than four hundred public laws have been placed upon the statute books by the Democrats since they came into power. These are designated "public" because they appropriate money for general purposes or affect general law. In addition to these hundreds of private bills have been passed.

Those who have closely observed the methods of legislation used by Democratic majority are not surprised at the faulty results. The present administration has been admittedly notable, even notorious, for its steam roller short cuts in enacting laws. Every important bill passed has been put through with small consideration beyond that of party expedience. As soon as the President proposed a law, then a caucus approved it, the majority rushed it through committees and back to the President for his signature, all with as little debate as possible no chance for intelligent consideration or amendment.

It is conceivable that a few bills might be put through a legislative body in this way and emerge in perfect form. But to use such methods indiscriminately as the Democratic Congress has done, is practically to insure the enactment of laws which future Congresses must either repeal or spend many weeks to amend. This is the task which Democratic haste and lustful use of a powerful majority has created for future Congresses.

Specific examples of blundering will not be enumerated in this article. It is enough at present to make the general statement that the Democratic party has "sown a wind of legislation and is reaping a whirlwind of mistakes." Future articles will appear that will show in detail the various instances of blundering careless drafting of bills that finally went on the statute books without correction.

* Have No Effect if Moth Eggs *
* Are in the Clothes *

The various substances used to keep away moths, such as tobacco, camphor, naphthalene cones or balls, tarred paper, and cedar chips have no effect if the eggs are already present in the clothes, and entomology specialists in the United States Department of Agriculture therefore recommend a thorough beating shaking and brushing of all articles likely to attract moths, before they are laid away for the summer. The brushing of garments is especially important in order to remove eggs which may have escaped notice. If the articles are quite free from eggs or larvae when laid away, the odor from the various repellents already mentioned or from cedar chests and wardrobes will serve to keep the moths away. This odor, however, lessens with age, so that the protection it affords is greatly decreased after a few years. For this reason when furs and other valuable garments are wrapped in tarred paper or placed in sacks of tarred paper these containers should be renewed every year or two.

In general moths are likely to affect only articles which are put away and left undisturbed for some little time. Apartments and closets that are frequently aired and swept are not apt to be seriously affected. In fact airing and sunlight are probably the best as well as the oldest remedies. Where circumstances demand that the articles be put away, however, a convenient and effective device is to place them in large paste board boxes such as tailors use and gum a strip of wrapping paper around the edge so as to seal up the box completely and leave no cracks. If the garments have been thoroughly cleaned before being placed in these boxes, no additional protection is necessary and there is none of the objectional odor which is

characteristic of so many moth repellants.

For valuable articles the "safest" plan is to place them in cold storage. Recent experiments have shown that the larvae of the clothes moth will resist for a long time low temperature if these are uniform, but that the alternation of low and high temperatures quickly results in death. It is recommended therefore that storage companies submit their goods to two or three changes, varying the temperature from about 18° F. to 40 or 50 degrees, Fahrenheit. After this preliminary treatment, they should be kept permanently at about 40 degrees Fahrenheit. Any lower temperature is a needless expense.

SIX RECEIVE DIPLOMAS

Annual Commencement of Center High School is Held.

The annual commencement exercises of the Center high school were held at the Center church last night, six graduates receiving diplomas. The address was made by the Rev. Clyde S. Black, pastor of the Milroy M. E. church. The diplomas were presented by Superintendent C. M. George to the following: Marion Stoten, Mabel Webster, May Hackleman, Lillian Clark, Ruth McBride and Albert N. Anderson. The Center orchestra played for the occasion.

The Man Who Started "An Appeal to the American People"

Doubtless you have read in the press very recently the one-page advertisement published in 200 American newspapers at a cost of over \$100,000, and which had as its keynote:

"Let Us Alleviate Human Suffering and Preserve Life---Not Help to Destroy It"

signed by the editors of 431 foreign-language newspapers published in this country.

In THE LITERARY DIGEST for April 17th there are many interesting details of this propaganda including a statement from the man who acknowledges having inaugurated it.

Besides throwing light upon this important movement, under the following headings there is much to interest you in other directions in the current number of THE LITERARY DIGEST:

Business Boom Impending

Germany's Dissatisfaction with Our Protest to Britain

Omens in the Chicago Election

A Chronology of the War from January 1st

A Day-by-Day History of the Important Happenings

War and Drink at Odds

Every subject of interest to the average man and woman is dealt with in this foremost American weekly, including the War News, Science, Invention, Literature, Politics, Religion, Foreign Comment, Motoring, Drama, and Sports.

THE LITERARY DIGEST is an ideal magazine for the home— young folks thrive mentally upon it. Ask any school-teacher anywhere, and he or she will be sure to admit that bright children are the rule where THE DIGEST is a visitor. Reading it enables the young folks to take a respectful and intelligent part in discussions at school, at home, anywhere.

COLLEGE GOLF SEASON OPENED

Championship This Year Believed to Lie Between Tigers and Crimson, With Princeton Leading

HARVARD TEAM UNBROKEN

Oarsmen Get in Action Today at Philadelphia—Princeton Meets Middies in Race

BY HAL SHERIDAN
(Written for United Press.)

New York, Apr. 17.—"Fore" was cried today in the intercollegiate golf championship season of 1915. All eyes of the collegiate golf world were turned today to the Princeton University golf course, where the 1914 champion Tigers play the opening game with the golf experts from Harvard University.

The championship this year is generally believed to lie between the Tigers and the Crimson, with Princeton having the call because all of her team except two were on the championship squad last year.

Harvard's team, too, presented an almost unbroken lineup, with all 1914 veterans except one, R. M. Baker, Harvard's No. 1 man was E. P. Allis, present intercollegiate individual champion. Its team is regarded as exceptionally strong and well balanced. Harvard, for the first time in its history, will also have a freshman team this year. The freshmen are not eligible for the varsity for spring matches but will be eligible for the finals next fall.

Princeton's track athletes will also be in the limelight today in the annual Caledonian games at Philadelphia. The Tiger's oarsmen also have their first real workout in a match with the Middies at Annapolis. Princeton has a strenuous rowing program for this year and will enter an eight in the triangular regatta with Cornell, and Yale on Lake Carnegie a month hence.

CELEBRATE EARLHAM DAY

Alumni Will Take Opportunity to Express Regret Over Russell

(By United Press.)

Richmond, Ind. April 17.—Earlham college will celebrate Earlham Day tomorrow and many former students and alumni are expected to revisit the Quaker college. Speaking of Professor Elbert Russell, who has resigned because of friction with the college administration, a recent bulletin said:

"A wide-awake pastor will use all the talents at his command."

The alumni, who held Russell in high regard, are expected to accept this opportunity to express their regret over the recent eruption.

SOCCER CHAMPS MEET

(By United Press.)

Vailsburg, N. J., Apr. 17.—The final round of the historic tie series for the soccer championship of the American Football Association will be played here tomorrow at Athletic Park between the Brooklyn Celts and Scottish-Americans. The Celts are picked to win, having defeated the Bethlehem team, which in turn defeated the Scottish-American for the national challenge trophy.

TENNIS SEASON OPENS

(By United Press.)

New York, Apr. 17.—The real opening of the University of Columbia's tennis season was held this afternoon on South Field against the New York University team. Despite bad weather and snow sodden courts the Columbia court experts are in good form.

MEET ARRANGED

(By United Press.)

Princeton, N. J., Apr. 17.—Another leg of the intercollegiate swimming association championship contest will be fought out here tonight between swimming teams of Columbia and Pennsylvania universities. Yale was also tied for first place.

FIGURES OUT THE ODDS FOR INDIANA

Anti-Tuberculosis Society One Out of Eight And Half Deaths Dues to White Plague

FIGURES FOR SIX YEARS USED

Forty-Four Counties Report Fewer Deaths for 1914 Than 1913 But Rush is Not Included

What are the odds against your death from tuberculosis, if you live in Indiana?

The question was answered today by the Indiana Society for the Prevention of Tuberculosis, which has just concluded an exploration of dusty volumes containing statistics for the past six years.

The figures show that one out of every eight and one-half Indiana citizens who have died in the past six years, 1909-1914 inclusive, have died from consumption in one or another of its numerous forms. During that six year period, the total number of deaths from all causes in Indiana was 215,402. Of this number, 25,511 were caused by tuberculosis, an average of 4,251 per year. This enormous toll of human lives gathered by the "white plague" is greater than the loss from typhoid fever, scarlet fever, small-pox and all other contagious diseases combined.

Forty-four Indiana counties reported a fewer number of deaths from tuberculosis in 1914 than in 1913, according to an announcement issued by the anti-tuberculosis society. The list follows: Allen, Bartholomew, Benton, Blackford, Boone, Clinton, Crawford, Decatur, Dubois, Elkhart, Gibson, Grant, Hancock, Harrison, Hendricks, Henry, Huntington, Jay, Jefferson, Johnson, Lagrange, Laporte, Madison, Miami, Morgan, Ohio, Orange, Owen, Perry, Pulaski, Ripley, Scott, Spencer, Starke, Steuben, St. Joseph, Tippecanoe, Union, Wabash, Warren, Wayne, Wills, White and Whitley counties.

Six counties, Adams, Fountain, Marshall, Montgomery, Porter and Posey show exactly the same number of deaths from consumption in 1913 and 1914, while the remaining forty-two counties show increases ranging from one to nearly one-hundred.

CO-EDS TO GET NEW HOME

Annex Being Built at DePauw as Result of Fire

(By United Press.)

Greencastle, Ind., April 17.—Some of the fair co-eds of DePauw University will get almost a new home, as a result of a fire which damaged "Rosa Bower" an annex of Florence a dormitory for women. The annex is being rebuilt and it will practically be a new residence when completed. The loss was covered by insurance and nothing but the building proper was damaged, all of the furniture and property of the girls was saved by the firemen and college students who volunteered their services.

WABASH VS. ILLINOIS

(By United Press.)

Urbana, Ill., Apr. 17.—The University of Illinois baseball team this afternoon met Wabash on Illinois Field.

HARVARD STUDENTS REST

(By United Press.)

Boston, Apr. 17.—The annual spring vacation period at Harvard University began today, with many athletes getting a rest and hundreds going home for a brief recreation.

GOLF BEGINS

(By United Press.)

Princeton, N. J., Apr. 17.—The intercollegiate golf championship contests opened here today with a match between the driver and brassie experts of Princeton and Harvard Universities. A big gallery was out early to see the contestants tee off.

BILLY O'NEIL WAS THE HIGH BIDDER

Was Given Refreshment Privilege at Ball Park by Board of Directors Last Night.

PARK TO BE OPEN TOMORROW

The refreshment privilege at the ball park for the coming season was awarded to William H. O'Neil last night by the board of directors of the Rush County Amusement association. Four bids were received and as Mr. O'Neil's was high the board accepted his proposition.

The work on the grounds and grand stand is progressing nicely. The diamond was graded yesterday and today the sod was being placed in position. Active work was started on the grand stand this morning. The ball park, will be open to the public Sunday for inspection. Fans have shown a great interest in the work. Every day hundreds visit the park and look over the plant. All are pleased with the work and are satisfied that the park will be one of the best in the state. The opening game is one week from tomorrow.

WILL OBSERVE DAY MAY 31

G. A. R. Will Hear Address by the Rev. Daniel Ryan of Glenwood.

The Rev. Daniel Ryan, pastor of the Glenwood Methodist church, will deliver the annual Decoration Day address to the G. A. R. The G. A. R. will observe the day on Monday May 31. The graves will be decorated in the morning and the address will be given in the afternoon at the court house assembly room. The annual Memorial sermon to the old soldiers will be delivered by the Rev. S. G. Huntington at the First Baptist church on Sunday, May 30. The committee in charge was elated to secure the Rev. Mr. Ryan for the Decoration Day address as he is one of their members.

EXAMINATION HELD TODAY.

Eighth year examinations for Rushville township were held in the teachers' examination room in the court house today. Similar examinations were also held at Arlington, Milroy, Raleigh, Center, Richland and at Osborne school in Jackson township. Eighth year pupils were examined in the other five townships last month. Those failing in not more than two subjects will get a second trial at an examination to be held in the teachers' examination room at the court house here Saturday, May 15. This will go for the whole county.

N. Y. U. ALUMNI DINNER

(By United Press.)

Annapolis, Apr. 17.—On the Severn river this afternoon the first races of the season will be held between oarsmen of the naval academy and Princeton University.

Best by Test, Fair Promise 5c Cigar

SAGE TEA TURNS GRAY HAIR DARK

It's Grandmother's recipe to bring color, lustre and thickness to hair when faded, streaked or gray.

That beautiful, even shade of dark, glossy hair can only be had by brewing a mixture of Sage Tea and Sulphur. Your hair is your charm. It makes or mars the face. When it fades, turns gray, streaked and looks dry, wispy and scraggy, just an application or two of Sage and Sulphur enhances its appearance a hundredfold.

Don't bother to prepare the tonic; you can get from any drug store a 50-cent bottle of "Wyeth's Sage and Sulphur Compound," ready to use. This can always be depended upon to bring back the natural color, thickness and lustre of your hair and remove dandruff, stop scalp itching and falling hair.

Everybody uses "Wyeth's" Sage and Sulphur because it darkens so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through the hair, taking one small strand at a time; by morning the gray hair has disappeared, and after another application it becomes beautifully dark and appears glossy, lustrous and abundant.

A Boy Should Look Neat!

The Character of His Clothes Gives Him That Appearance

The boy wearing XTRA-GOOD is a picture of comfort, ease and confidence, due to his clothes.

The soft roll with three buttons can be worn the same as older men to show two buttons. Coat plain front or with plaits; some of them with two piece belts—others sewed on belts. All with patch pockets. New appearing, stylish fabric and in good style.

The long wearing qualities of these XTRAGOOD suits please the mothers. The boy likes his suit because he is comfortable in it. He finds he can use it roughly—play in it all he wants and doesn't get scolded as often, because the suit keeps its good appearance, due to particular making.

MEAT INJURIOUS TO THE KIDNEYS

Take a tablespoonful of Salts if Back hurts or Bladder bothers—Meat forms uric acid.

We are a nation of meat eaters and our blood is filled with uric acid, says a well-known authority, who warns us to be constantly on guard against kidney trouble.

The kidneys do their utmost to free the blood of this irritating acid, but become weak from the overwork; they get sluggish; the eliminative tissues clog and thus the waste is retained in the blood to poison the entire system.

When your kidneys ache and feel like lumps of lead, and you have stinging pains in the back or the urine is cloudy full of sediment, or the bladder is irritable, obliging you to seek relief during the night; when you have severe headaches, nervous and dizzy spells, sleeplessness, acid stomach or rheumatism in bad weather, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning and in a few days your kidneys will act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys, to neutralize the acids in urine so it is no longer a source of irritation, thus ending urinary and bladder disorders.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink, and nobody can make a mistake by taking a little occasionally to keep the kidneys clean and active.

LOCAL MEN ARE ON COMMITTEE

Earl H. Payne, Samuel L. Trabue and James V. Young to Have Part in Golden Jubilee.

OF SCOTTISH RITE MASONS

Banquet Planned in Connection Will Be Event of Great Interest—End of Half Century.

Announcement has been made at Indianapolis of the appointment of Earl H. Payne, Samuel L. Trabue and James V. Young as members of a committee on fraternal courtesies, which will play a prominent part in the Golden Jubilee celebration of Scottish Rite Masons at Indianapolis, May 17-21.

On this committee, of which Brandt C. Downey of Indianapolis is chairman, are active Scottish Rite men of various cities in what is known to Masons as the "Valley of Indianapolis." This committee is in charge of the arousing interest in the celebration, which will be one of the most elaborate Masonic events ever held in the country.

The celebration marks the completion of fifty years of the Scottish Rite in this state. In honor of its half century of existence, the order will initiate the largest class of candidates it has ever had in this jurisdiction. Many of the most distinguished Masons in America have accepted invitations to attend the ceremonies.

The banquet being planned in connection with the Golden Jubilee is an event of great interest, as it is expected to be literally a case of "feeding the five thousand." No attempt was ever made previously in this state to have a monster banquet at which thousands were seated at tables and entertained by a program of unusual attractiveness. Tentative arrangements have been made to have this banquet at the big coliseum at the state fair grounds. Preceding the banquet there will be an automobile tour of the boulevards of Indianapolis by the visiting Masons. It is estimated that nearly one thousand automobiles will be necessary to carry on this trip the thousands of guests, who will later take part in the banquet.

The program for the entire jubilee celebration has not yet been announced, but word has been sent out from the Scottish Rite headquarters that every hour of the days set aside for the celebration will be crowded with events that the Masons can not afford to miss.

Notice to Contractors

Notice is hereby given that the Common Council of the City of Rushville, Indiana, will receive sealed bids or proposals for the paving of Second street, from west side of Jackson street to the J. M. & I. railroad, according to the drawings, plans and specifications now on file in the office of the City Clerk, until 7:30 o'clock p. m. on

the 29th day of April, 1915.

Each bidder must file with the City Clerk of said City when he files his bid the usual statutory affidavit and deposit with him the sum of (\$500) Five hundred dollars as a guaranty that he will accept said bid and carry out the construction of said work. The successful bidder will be required to give a bond with surety approved by the said Common Council, insuring the faithful completion of said work according to the contract.

The Board reserves the right to reject any and all bids and re-advertise for said work.

CARL L. GUNNING, City Clerk.

Notice to Farmers.

To accommodate my patrons, Kleber Imported Percheron stallion will be in service at my barn, 312 East 10th street, Thursdays, Fridays and Saturdays. Phone 1615. 24tf.

Mrs. Austin's Bag Pancake, delicious light cakes for breakfast, all grocers.

ZEPPELINS DID DAMAGE

Officers of English Coast Guard Killed and Wounded.

(By United Press.)

Berlin. (By Wireless to Sayville), April 17.—Zeppelin airships caused severe damage to English coast towns in their raids yesterday, according to private dispatches which were received here today from Holland. Several officers of the English coast guard were killed and wounded and bombs were dropped upon British ships patrolling the coast to protect the ship yards. Bombs also fell on the English docks.

This information is said to have been communicated to Holland in confidential cablegrams from England.

ONLY ELEVEN DAYS TO FILE EXEMPTIONS

Must be in Hands of Auditor by May 1, Which is Near Neighbor to Last Taxpaying Day

THAT FALLS ON MONDAY MAY 3

To exempt your mortgage from taxes you have only eleven week days now to act. Such exemptions must be filed by May 1st with the auditor in order to secure the exemption according to the law. There is usually a grand rush towards the end of the period and always the possibility of overlooking it altogether if the matter is put off too late.

It is necessary for the exemptions to be sworn to before a notary or a justice of peace. Any notary or a justice can properly make out the exemptions. Several have been filed with the auditor and with but eleven days remaining the exemptions should come in fast from now until the close of the period.

The last day for filing exemptions is a near neighbor to the last day for paying the spring installment of taxes which is Monday, May 3rd. The taxes have been coming in pretty well for some time, but there is always a big rush the last few days and the spring installment comes at a time that is hard for the farmers to leave their work. For this reason those who neglect their taxes until the last usually send their wives or daughtersto town to look after the taxes.

CO-EDS KICK ON FLANNEL SHIRTS

Girls at Colorado College Object to General Appearance of Men Students—Especially Engineers

SONG DEDICATED TO THEM

(By United Press.)

Colorado Springs, Colo., Apr. 17. Are flannel shirts corduroy trousers and boots and an occasional two days' growth of beard proper for a man in a coeducational college?

"No," declare the girls at Colorado College here. "Be more careful in your appearance around us" they say, in effect.

The engineers, against whom the co-eds are particularly incensed, advised the girls to pay more attention to their own dress, that is, to dress more. The engineering students have a song that goes:

"We are the bold bad engineers of Colorado C.

We are so rough, we are so tough That no one wants to be One of our band or grasp our hand.

But most of all it hurts For every girl, her nose to eurl, At our good flannel shirts.

At our good flannel shirts, boys, At our good flannel shirts— Just hear them rave when we don't shave, Those silly, silly, skirts."

IS CERTAIN TO CARRY DISEASE

Immigration Likely to Bring in Scourges Which United States Must Guard Against

ESEPECIALLY WHEN WAR ENDS

Public Health Service Will Double Its Vigilance When Foreigners Begin to Come Again

Washington, Apr. 17.—When the European war ends it will be necessary to increase the number of America's health guardians in Europe Surgeon Rupert of the United States public service said today. Until then, the danger of the spread to the United States of any of the epidemics now afflicting some of the war-ridden lands is small.

"Servia and other southern European countries," said Dr. Blue, "are being scourged by typhus, but the immigration from those countries, of course, is at a standstill now and since only the immigrants themselves could bring the disease here, we have little to fear. Typhus, an epidemic of which usually results in many deaths, is communicated entirely by vermin. It is worst in cold weather, when most clothing and bed covering are used. The European epidemic should subside with warm weather.

"The conditions under which the Servians and the others have been fighting has rendered it almost impossible for them to combat the disease. Baths, necessarily, are few and far between. I was told a few days ago by a friend just from France that soldiers frequently came into the hospitals who had not had their shoes off for months, so that they had to be cut from their wearers' feet. The soldiers simply had not been able to leave the trenches long enough to take care of themselves. Conditions like these make the spread of typhus very rapid.

"We can guard against it here by quarantining newcomers until they have been put through a purifying process including bathing, shaving, their heads and anointing. Women, of course, will not permit their heads to be shaved and a very strong germicide is necessary to make sure they do not bring typhus bearers into the country.

"Cholera is apt to spread more in Europe with summer's return. The lightness of travel from there will help to protect the United States for the present.

"After the war if the expected heavy immigration begins, we will have greatly to increase the number of our agents in foreign ports to inspect the emigrants. In some cities, Naples, for example, where we have three, we are fairly well protected, but in other places we depend on the consul or some person designated by him.

"I donot believe that, with the exercise of diligence, we need fear being drawn into Europe's war with disease."

TEN MEN IN JAIL.

Sheriff Cavitt is running a real for sure hotel at the county jail. At present there are ten men in jail here and it is no small job to cook for and feed this number three times a day. All of the ten men are regular boarders, having been sentenced to long terms. This is almost a record here, although two years ago Clata Behout, who was sheriff had fifteen prisoners over night. This number was in for only the one night. Sheriff Cavitt has the prisoners both upstairs and down.

IS WRITTEN BY JUDGE MORRIS

Opinion of State Supreme Court
Holds Druggists Can't be Prosecuted Under "Blind Tiger" Act

COURT OVERRULES ITSELF

It is Declared Prosecution Against
Drug Stores Must be on Some
Certain Sale

The state supreme court has just held that a licensed druggist can not be convicted of illegal sales of intoxicating liquors under the "blind tiger" act. In reaching such decision the court overruled an earlier decision affirming the Clinton circuit court in convicting D. W. Rigrish of keeping a "blind tiger," and for which he served a term in jail after the affirmance of his conviction November 20, 1912. The opinion was written by Judge Douglas Morris of this city.

The court in its decision points to the wording of the statute and says by its plain provisions licensed druggists are not within the provisions of the act, and that the matter was not presented in the Rigrish appeal and for that reason was overlooked by the court but being presented at this time the court will construe and decide the law as it is, regardless of the former decision.

The case in which the decision is made is the appeal of William E. McDougal from a judgment of the Randolph circuit court convicting him of running an unlawful place for the sale of liquor under the "blind tiger" act. On his defense McDougal offered in evidence the fact that he was a licensed druggist, which evidence the court excluded as incompetent and no defense to the prosecution. On this refusal to admit the evidence, Mr. McDougal rested his appeal averring he had not had a proper trial. The attorneys for McDougal called the supreme court's attention to the wording of the statute, which, after setting forth what should constitute the offense and the penalties is followed by the following proviso:

"Provided. That none of the provisions of this act shall apply to any person firm or corporation engaged as a wholesale dealer who does not sell in less quantities than five gallons at a time and provided that none of the provisions of this section shall apply to any druggist or pharmacist who is licensed as such by the state board of pharmacy. Provided, further, That a wholesale dealer as used in this act shall be construed to mean," etc.

FOR SALE—Lot, Corner Willow and Twelfth streets. Phone 1150. 20t1f.

FOR RENT—Eight room house corner of Harrison and Tenth streets. Newly papered throughout and newly painted outside. Water in house. Phone 1572. 14t1f

FOR SALE—Lot 44 in Stewart and Tompkins addition to Belmont. Best lot on Cherry street. \$200 on easy payments, see F. Priest at this office. 11t1f

WANTED—To do contracting for cement work, cisterns, cellars, sidewalks and private sewers. Terms reasonable. Phone 1277 James West and son contractors. 829 North Sexton street. 19t26

FOR RENT—Furnished bed rooms. Ladies preferred. Phone 1826. 22t1f.

visions of this act shall apply to any person firm or corporation engaged as a wholesale dealer who does not sell in less quantities than five gallons at a time and provided that none of the provisions of this section shall apply to any druggist or pharmacist who is licensed as such by the state board of pharmacy. Provided, further, That a wholesale dealer as used in this act shall be construed to mean," etc.

The word "provided" at the beginning of the quotation and the words, "provided further," each are in italics, and each commenced with a capital letter, while all of the provisions regarding the retail druggist are in ordinary print, the same as the rest of the statute, without capitals, italics, or punctuation or other matter to attract attention without reading; that it was not a part of the provisions of the statute regarding wholesale druggists, and a mere scanning of the statute, with reading would not disclose its presence.

The court in construing the law, says: "The general and appropriate office of a proviso is to restrain the enacting clause and except something which would otherwise be within it. With the wisdom of such exceptions as of legislation general courts are not authorized to deal, where the legislative intent is unequivocal.

"Where such purpose is uncertain however, the reasonableness of an assumed interest may be considered. The language of this proviso to the effect that no provision of the section shall apply to a practically foreclose controversy."

The court shows that the legislature has provided other provisions for prosecutions for illegal sales by druggists, and says that this may have been the reason why the druggist was excluded from the provisions of the law.

The prosecuting attorneys in the "dry" counties have been inclined to prosecute druggists under the "blind tiger act" for the reason that it gives opportunity to show the number of sales of intoxicating liquors in the manner in which the drug store is run and the quantity of liquor handled and all of the other matters which go to show that it is really run as a liquor store instead of being a drug store in its true sense. When a prosecution is attempted under one of the acts relating specially to drug stores, the prosecution must be on some certain sale to some certain individual and requires more specific and more difficult proof, and for that reason prosecutions of druggists under the "blind tiger act" have been numerous.

COLORED BOY WINS CONTEST

Continued from Page 1.

and to create a professionally capable head of the road system in each county, with a corps of assistants who would be under bond to do their duty.

The winner, who spoke last, was far more convincing. He declared that the county government was one of the most important units neglected, but that investigators from other states had found Indiana had the most perfect system now in use. Investigators for four states, he said, had recommended the adoption of the system used in this state.

"So we can't say it is wholly bad or wholly good," he concluded, "else we would not have the subject before us. The lack of economy does not lie in the inferiority of its offices. The county has a head, but it is weak. The deficiency is in the county commissioners and county council and the method of electing them. The council appropriates all the money the county uses and meets only once a year, unless by special call of the auditor. The council should devote more time and be paid more money."

He advocated the short ballot and placing the members of these two boards in more important positions on the ballot so more attention would be called to them. He advised that other county officials be placed on the merit system because the work is largely clerical and the offices should be filled by the men who are the most capable. He said the attention of the public be directed to the county officials by instituting a public bureau whereby the record

of every county official would be open to the inspection of the public.

In rebuttal, the Charlottesville contestant, upheld his contention that the county government has no head, but that there simply boards of supervisors.

The Newcastle representative asserted that in 1914 sixty-two per cent. of the taxes was spent for the upkeep of highways. He said it cost \$7,000 more in one year in Henry county to keep up highways than all other expenses. By applying business methods to road maintenance, he declared, \$15,000 could be saved annually in his county. He said great reforms did not come in a day but that the road repair system could be changed with ease. He asserted \$300,000 was spent annually for road repair in the counties of the sixth district and ventured the opinion that \$45,000 of it was expended needlessly.

The Richmond candidate said alternation of elections would not affect county government. He refuted the assertion of his opponent that the county government was headless. He said it was only deficient. He admitted the importance of the road question but asserted that it was only one of many things that should be done to improve county government.

The Rev. A. D. Batchelor, E. B. Thomas and John P. Frazee were the judges.

***** DRAMATIC CHAT *****

BY BEAU RIALTO
(Written for United Press.)

New York April 17.—Gotham may have a municipal theatre. Plans were set afoot today for establishment of a city playhouse to put before the public, at popular prices, the best that the stage can produce.

The New York Drama League is behind the playhouse project, which has been broached often before but now seems to have prospects of success. Some "angels" have been found along the wealthy membership of the Drama League, I am told, that will start a subscription fund toward the city theatre. At present the plans are only to lease a theatre, but if the movement is successful it is the ultimate aim of the promoters to buy a home for the League productions.

A feature of the plan, to spread out the burden of expense, is also to have Drama League of Boston Philadelphia, Washington and other eastern cities join in the production at least, of plays to be toured through the League's circuit. This, it is felt, would insure the benefit of all of the Leagues and incidentally increase their membership in each city, as initial productions of plays would probably be largely confined to the league's membership.

Marie Tempest is getting a "welcome home" reception, according to reports reaching here, in her tour of the Canadian northwest under John Cort's direction with her English Company. She is now playing at the Walker Theatre in Winnipeg and will tour Canada and the Pacific Coast well into the summer.

"Do Not Whistle" is a sign displayed at the 39th Street Theatre. Lou-Tellegen playing "Taking Chances" there is responsible for the ban on whistling. That whistling on the stage, except during performances of a musical play is bad luck is a French stage superstition to which Lou-Tellegen clings.

Contrast of Francis J. Boyle, mammoth basso, and Mme. Emma Trentini, diminutive prima donna, while playing together in "The Peasant Girl" are amusing New York opera patrons. Boyle weighs 250 pounds and stands 6 feet 2. Mme. Trentini weighs 95 and measures up 4 feet 10.

LET'S GET TOGETHER ON THIS SILO SITUATION

I want to talk to every farmer around here who is planning on building a Silo this year. I can help you choose the kind of a Silo you need to feed your stock. According to my way of thinking, there is just one real silo made—and that's the SAGINAW SAGINAW SILOS are Steel-built. They stand up against wind storms. They are air tight. They give sweet, clean succulent silage all the way through. A SAGINAW SILO will bring you more profit on the farm. By all means let me tell you about the SAGINAW SILO before you decide on a Silo. Let's get together.

"COPPER ZONE" EFFECTIVE MAY 1

New System of Collecting Fares to be Installed on I. & C. Held to be More Equal.

BASED ON CENT TO HALF MILE

The order of the State Public Service Commission in Indianapolis yesterday, making the "copper zone" method of collecting passenger fares on the Indianapolis & Cincinnati Traction company's lines effective on and after May, will make some material difference in the fares in some instances less and others more. This plan is held to be more equal than the present scale because passengers pay for the distance they actually ride, at the rate of one cent for each half mile.

The fare one way either in cash or with ticket is the same, but on round trip a few cents will be saved by purchasing tickets. For example the round trip fare in cash from here to Indianapolis will be \$1.64, whereas eight cents will be saved by purchasing a ticket. The saving decreases as the mileage traveled decreases.

The fairness of the new method may be seen in this one example. Under the present rate a passenger to Helm's stop east of here and one to the first stop the other side of Maunzy has to pay ten cents. Under the "copper zone" system, the fare to Helm's will be seven cents and to the other point fourteen. Provision is not made for a fare under five cents.

Revival meetings are being conducted at the court house assembly room each evening by Evangelist N. S. Duncan. A street meeting will be held in front of the court house this evening at seven o'clock. The sermons tonight and Sunday night will be preached from a chart. The subject tonight will be, "When and How to Get Saved" and for Sunday night, "The Great Serpent Sin."

ARRAIGNED TODAY ON TWO CHARGES

Jesse Easley, Colored, Now Under Suspended Sentence, Accused of Drawing Deadly Weapons.

UNABLE TO GIVE \$550 BOND

Jesse Easley, colored, was arrested late yesterday afternoon on two charges preferred by Gilbert Morris. Easley is charged with carrying concealed weapons and with drawing deadly weapons. He was arraigned before Judge Sparks and bond fixed in each case. The bond was placed at \$500 on the charge of drawing deadly weapons and at \$50 on the other charge. Easley was unable to give bond and went to jail.

Easley has been in trouble before and now has a suspended sentence of from one to eight years hanging over him. He pleaded guilty to a charge of petit larceny at the start of this term of court and was sentenced by Judge Sparks. The sentence was suspended pending good behavior. If Easley is found guilty on either of the two charges filed by Morris the sentence will likely be enforced by the court.

COULTER TELLS STORY OF DUEL

Man Accused of Shooting Frank Beagle at Greensburg on Witness Stand in Murder Trial.

SAYS VICTIM SHOT AT HIM

Greensburg, Ind., April 17.—The defense in the Samuel Coulter murder trial rested this afternoon and the argument of attorneys was to begin today. Coulter is on trial for the murder of Frank Beagle of near Springhill in Greensburg February 13th.

Coulter testified that he had been told that Beagle had threatened to "get even" with him for an old quarrel a year ago, when Beagle caused Coulter's arrest on a grand jury indictment. Coulter said that on the night of the shooting Beagle came into his place and Coulter ordered him out. On the outside Beagle fired a shot, which went wild. Later, as Coulter was returning from the police station, where he went to summon an officer, he met Beagle in a dark place two or three blocks from the police station. Coulter testified that Beagle fired at him and the bullet grazed his neck. Coulter then took out his revolver and fired three or four times. Beagle went to a physician's office and was arrested, dying later.

Frank Elder and Wood Ketchum told substantially the same story as to the firing of the shots. Ketchum said he examined Coulter's neck a few minutes after the shooting and found a red streak under the chin. One witness said he heard Beagle say that he intended to "get Coulter before he went home that night."

Attendance at the trial broke all previous records. It is said that more persons never were known to have crowded into the Circuit Court room.

HAND BADLY LACERATED

George W. Krammes Injured While Loading Piece of Iron.

George W. Krammes, 56, living southwest of the city, met with a painful accident late yesterday afternoon to his left hand. Mr. Krammes was unloading a heavy piece of iron at the Schatz Junk shop in West Third street, when it fell on his hand, tearing the skin loose and requiring fourteen stitches. The injury caused Mr. Krammes much pain and a restless night, but today no serious developments were in evidence. It is considered fortunate that no bones were broken.

PARCEL POST INCREASES

Count Fifteen Days of This Month Indicates a Big Advance.

The count on parcel post at the Rushville postoffice from fifteen days from the first of April to the fifteenth, which was announced today, revealed a big increase in this class of the mail business, as compared with the last count made in October, 1914. During the fifteen days there were sent out from the Rushville office 932 parcels weighing two thousand and eight pounds and four ounces, and there were two thousand, one hundred and twelve parcels delivered from the postoffice.

BARGAINS ARE ALWAYS ADVERTISED

THE RUG THAT STOOD AN ELEVEN-DAY TEST

Is now on exhibition in our window

After Eleven Days of Severe Use the Anglo Persian Fulfils its Promises for Service.

Laid on the sidewalk in front of our store for eleven days (7 a. m. to 10 p. m. each day) subjected to all kinds of wear and weather, walked on by thousands of pairs of dirty shoes and is now as good as new.

NOT A SEAM RIPPED, THE ORIGINAL COLOR IS UNBLEMISHED, THE SURFACE YARN IS UNMARRED.

NO RUG LIKE THIS ANYWHERE

WHITTALL'S have not won their reputation for making the finest rugs in all America without deserving it. It took a long while, much experiment, expenditure of large sums, and always patience, and then more patience. At last they won, and Anglo Persian rugs are properly rated as their greatest accomplishment, as the finest rugs made in the whole length and breadth of the United States.

They are thus rated not because of one thing.

THEY HAVE MANY POINTS OF EXCELLENCE

They are beautiful in pattern. They are rich in color. They are firm in texture. They have strength and supply beauty. They are of such diversity of design that one is easily found to fit into any special plan of decorating and furnishings. And they are of such splendid material that they give long and satisfactory service.

PERFECT IN EVERY STANDPOINT

The dyes that go into coloring the splendid yarns are time-tested. The yarns themselves are specially selected. The patterns are often copied from rich and rare carpets of the Oriental East. Sometimes the designers catch the inspiration of the old school. Here again is a rug that shows adaption that is singularly beautiful. But quality is the keynote, the one great feature. It is quality that shows in pattern and in colors, in weavings as in every feature that combines to make genuine lasting rug goodness.

The Window is Open

You are earnestly requested to step inside and examine the Rug that stood the severest test ever given a floor covering. The dirt you see on exhibition was taken from the rug in one sweeping, or about one-eleventh of the dirt ground into the rug during the time it was on the walk.

ASKS HEARING OF GAS CASES

City of Rushville Today Mails Petition to Public Service Commission at Indianapolis.

TEN REASONS SET FORTH

Main Contention is Act Creating Commission is Unconstitutional, Violating Constitution.

A petition asking for a re-hearing of the gas rate increase cases of the Peoples Natural Gas company and the Central Fuel company was mailed to the Public Service Commission this afternoon by Kiplinger and Smith, representing the City of Rushville.

The same reasons are set forth in both cases. Ten causes are given why the city should have a re-hearing. For the most part the city alleges that the act of the commission was unconstitutional. The petition for a re-hearing will in no manner effect the injunction suits to be filed here against both the gas companies and the Public Service Commission.

The suits to be filed here will be to enjoin the gas companies and the one against the commission will be to test the law which authorized and empowered the commission in the state of Indiana.

It is set out in the petition for a re-hearing that the order is contrary to law in that it violates Section 10, Article 1 of the federal constitution. This section of the federal constitution has to deal with impairing the right of contracts. Another reason assigned why the city should have a re-hearing is that Section 1, Article 14 of the amendments to the federal constitution is violated with the order of the commission authorizing the gas rate increase.

It is further alleged that the order giving the gas companies an increase in rates is a violation of Section 24, Article 1 of the constitution of the state of Indiana. It is also alleged to be a violation of Sections 21 and 23 of the Indiana constitution. It is pointed out to the commission that the gas companies here were operating under a franchise granted pursuant to ordinance passed by the city and the right of the commission to take away this franchise is questioned.

The petition, it was stated, would likely receive little encouragement at the hand of the commission as the very life of the commission is attacked. The petition claims that the commission was wholly without power to permit the gas companies to raise their rates because chapter 76 of the Acts of 1913 is unconstitutional. It was in the acts of 1913 that the Public Service Commission created. In declaring that the act was unconstitutional it is pointed out that the federal constitution is violated; that the state constitution is violated; and that the rate granted by the commission is excessive.

EDWARD YOUNG EXPIRES TODAY

Death Comes to Civil War Veteran and One-Time Prominent Business Man About 3 p. m.

SICK SINCE EASTER SUNDAY

Born in England, He Came to United States in 1842, Not Locating Here Until After War.

Edward Young, age seventy-five years, veteran of the civil war and one-time prominent business man of Rushville, died at his home at 330 West Seventh street this afternoon about three o'clock. He took sick after appearing with the Knights Templar at the annual Easter services a week ago last Sunday and for the last several days his condition has been critical.

Mr. Young was born in Yorkshire, England, December 12, 1839. He was the second of eleven children born to Henry and Eleanor Young. Before Mr. Young was three years old his parents came to this country, first locating near Wilmington, Del., ultimately settling in Franklin county in 1852.

Eight years later Edward went to Douglas county, Ill., where he engaged in farming. On July 23, 1861 he enlisted in Co. F, 18th Regiment, Indiana volunteers, and served with such credit that he was promoted several times and was acting regimental quartermaster, when discharged April 28, 1865.

Mr. Young served with distinction during the war. He enlisted as a private, but in July 1862, a year after he had entered the war, he was promoted to corporal of his company. In February, 1863, he was promoted to sergeant, and in August, 1864, he was commissioned first lieutenant and was given command of companies A, F, and D. of his regiment. He continued in command until May, 1865, when he was detailed as acting regimental quartermaster.

He participated in twenty-two distinct engagements, and at different times was entrusted with the performance of duties requiring the highest degree of courage and loyalty. In May, 1865, while first lieutenant, he was detailed with fifty men to hoist the stars and stripes on the old arsenal at Sand Hill, near Augusta, Georgia.

At one time during the latter part of the war he had the distinction of having in his charge as prisoners the distinguished Jefferson Davis, Mrs. Stevens, A. H. Stevens and a man named Reagan, who later became senator from Texas. Mr. Young's father and two of his brothers also served in the Union army.

After the war he went to Franklin county, but located here in March 1878. He entered the elevator business and became president of the Gem Flouring Mill Company. Mr. Young was a member of the Christian church, Masonic and K. of P. lodges and the G. A. R. He was twice trustee of Posey township, Franklin county, and once city councilman from the third ward here. He was a Republican.

He is survived by his widow and several brothers and sisters. The funeral will be held Tuesday afternoon at two o'clock and the Knights Templar will officiate.

EVAUATE METAMORAS.

Brownsville, Texas, April 17.—Villista besiegers of Matamoros are in full retreat toward Monterrey, apparently intending to join Villa at Celaya. The retreat begun yesterday noon and the camp today is entirely deserted, while the Carranzista garrison in the city is celebrating.

DR. JOHN G. LEWIS DIED LAST NIGHT

Prominent Physician, Former Secretary of City Health Board, Expired of Pneumonia.

SICK LITTLE OVER A WEEK

Took Active Part in Lodge Work and Was Candidate For County Coroner in 1914.

Dr. John G. Lewis, a prominent physician, died last night at 9:45 o'clock at his home in North Jackson street following an illness of about a week with pneumonia. Dr. Lewis was widely known throughout the county and his death came as a shock to his many friends. He was taken ill Thursday of last week and pneumonia developed.

Dr. Lewis was fifty-two years old. He had practiced medicine in this city for a number of years and enjoyed a large acquaintance, not only in his profession but on the outside. He was a son of the late David Z. Lewis and was born February 28, 1863.

Dr. Lewis was active politically, having been a candidate for county coroner at the last election. He served as secretary of the city board of health under the Black administration. In lodge work he was always quite active. He was a member of the Masonic, Knights of Pythias, Odd Fellows and Modern Woodmen orders. Dr. Lewis was also the local scribe of the Ben Hur insurance order. He was the physician of the local camp of the Modern Woodmen lodge and at the last state convention of this order was a candidate for the office of state medical examiner, but withdrew from the race at the last moment.

He is survived by his widow and one son, John Lewis. He is also survived by one brother, Horace Lewis, and one sister Mrs. Imogene Mellree, of Washington D. C. The funeral services will be conducted Monday afternoon at two o'clock at the Main Street Christian church by the Rev. C. M. Yocum. The services will be in charge of the Masonic lodge and the Knights Templar will act as escorts.

FOURTH EXCURSION INTO ENGLAND MADE

German Taube Appears Over Selby in Yorkshire Today But no Bombs Are Dropped.

SWOOPS CLOSE TO THE EARTH

London, April 17.—A German taube flew over Selby in Yorkshire, fourteen miles from York today on the fourth aerial invasion of England in the past sixty hours. Selby is 160 miles northwest of London. First dispatches to London indicated that the taube flew from the North Sea from the direction of Hull.

The taube was first sighted at 11 a. m. traveling rapidly at a great height. The German then tilted downward in zigzag fashion, swooping the earth and circling the town. He departed in an easterly direction. The Selby authorities reported they had heard of no bombs having been dropped.

Mrs. Ernest Black and son of Muncie, Indiana, arrived today for a visit with Mrs. Back's mother, Mrs. Mary Ford.

COLORED BOY WINS CONTEST

Leroy Brown of Richmond Victorious in Sixth District Discussion League Meeting.

VIEWPOINT COMPREHENSIVE

Theodore Miller of Charlottesville Finishes Second and B. G. Wilson of Newcastle Third.

Leroy Brown, a colored boy, of Richmond, won the annual contest of the Sixth District High School Discussion League at the Graham school assembly room last night. He was generally conceded to be by far the best of the three entrants and it did not require much time for the judge to reach a decision.

Theodore Miller, representative of the Charlottesville high school, was placed second and Bryan C. Wilson of the Newcastle high school was third. By winning last night, the Richmond candidate gained the right to represent the sixth congressional district at the state discussion contest which will be held at Bloomington under the auspices of Indiana university.

The subject the debaters discussed last night was: "How May We Secure Greater Economic and Administrative Efficiency in County Government?" There wasn't much question, but that the winner took a more comprehensive viewpoint of the subject. Bryan Wilson appeared to have a chance, but for the fact that he confined his discussion entirely to the good road question.

Theodore Miller spoke first. He thought substitution of the short ballot, the alternation of elections, giving a head to county government and eliminating party lines would bring about better administration and more economy in county government. He declared that the short ballot was not hailed as magic, but that it would correct many of the evils of present county governments.

He thought that elections should be alternated so only a few offices would be submitted each time. The Charlottesville contestant reasoned that voting the straight ticket was one of the primary causes for weak men in office. He asserted that the man who votes the straight ticket is not a good citizen. As an encouragement to vote a mixed ticket, he advised that the candidates not be arranged under the head of parties. He explored the fact that while the nation and state has an executive head, the county has none. He declared that the county government was never organized, but just "grewed." Mr. Miller concluded by briefly mentioning the merit system in county offices as a means of bettering the administration of county affairs.

Bryan G. Wilson lay at the door of the present system of county road maintenance the blame for the lack of efficiency in county government. He said that in his own county of Henry \$11,500 in salaries had been paid out in one year to road officials. He decried the fact that there are two purchasing systems and cited that such conditions did not exist in private businesses. He asserted the purchase of road machinery involved too great an expenditure for the results which were obtained, calling attention to the fact that the average road machinery rusts out, not wears out.

The Newcastle candidate closed by advocating a county highway engineer, who, he said, would save the county thousands of dollars a year. He also proposed a law to do away with township road supervisor, but still retain the township road tax.

Continued on Page 7.

BELIEVE ACTION SHOULD BE TAKEN

Those Interested in Proposed Dixie Highway Coming This Way Think Rushville Should Act.

ROUTE IS NOT SETTLED YET

Southern Cities in Indiana Making Warm Fight to Take it Directly South From Indianapolis.

Since Cincinnati is making such a stalwart effort to deflect the course of proposed highway from southern Indiana to southeastern Indiana, Rushville men who received communications from Cincinnati and who have come in touch with the situation feel that some action should be taken to let the highway commissioners know that Rushville is with Cincinnati in this effort, and that the Rush County Chamber of Commerce should be the medium of expression. Cities in southern Indiana are hard at work to see that the highway takes a direct course from Indianapolis to Louisville. The Cincinnati Chamber of Commerce wrote here some time ago to interest Rushville commercial bodies in its effort to change the course to the scenic part of Indiana.

The proper method to be pursued, it is believed by many, would be to send representatives from Rushville when the highway commissioners hold their next meeting. Cincinnati will be represented, as will other cities which would be benefited by the route coming through southeastern Indiana.

Governor Ralston yesterday issued a statement defending his position in appointing Carl G. Fisher and Thomas Taggart as commissioners from Indiana, and incidentally mentioned that he had called a meeting of all commissioners for Louisville. But a later dispatch from Chattanooga, Tenn., said that C. E. James, president of the Dixie Highway association declined to act on the suggestion of Governor Ralston, that the directors meet April 21 in Louisville to select route from the proposed highway, which is to be built from Chicago to Miami, Florida. Mr. James declared, according to the dispatch, that politicians would prevent practical accomplishments in the meeting and that the association "stands by its former action in designating the route through Tennessee."

In his statement, Governor Ralston took a fling at the South Bend Tribune, which paper has been criticizing the appointment of Taggart, and says the Tribune's attacks on Taggart are not calculated to make the sage of French Lick any friendlier to South Bend.

The Governor says the contest for the highway south of Indianapolis does not concern South Bend in any way and that it makes no difference to the northern Indiana city.

The Bloomington Commercial Club has appointed committees and has gone to work in earnest in an effort to have the commissioners choose a route that will put the highway through Monroe county. A recent issue of the Bloomington Journal says a committee went out from Bloomington and found a road on which automobiles can run at high speed. That seemed to make it unanimous for Monroe county, says the Columbus Republican.

Announcement was made that representatives of the commercial bodies of Columbus, Edinburg, Franklin and Seymour will meet in the Commercial Club rooms at Columbus Monday night at 7:30 o'clock to start a movement to bring the Dixie highway through the places mentioned.

TAGGART OFFERS AN EXPLANATION

Says he Went on Roberts' Bond When Latter Was Indicted, so he Would Get Fair Show.

ASKED TO BOND MEN AGAIN

Doubtful Today Whether Terre Haute Conspirators Could Defeat Trip to Leavenworth.

(By United Press.)

Indianapolis, Ind., April 17.—Thomas Taggart, Democratic national committeeman for Indiana, came here today from French Lick. He volunteered an explanation of why he had gone bond for Mayor Donn Roberts of Terre Haute when the latter was indicted for election conspiracy.

"Nobody asked me to go his bond," said Mr. Taggart. "I did it not because I indorsed anything wrong that had occurred, but because I wanted to see Roberts get a fair show."

Taggart said he had been asked to go on the bond of the Terre Haute men in jail under sentence to Leavenworth, but that he had taken no action.

Mayor Donn M. Roberts, Circuit Judge Eli Redman, two of the convicted Terre Haute election conspirators, were considerably less hopeful today over the prospects of providing bond and deferring their trip to Leavenworth. When Crawford Fairbanks left this city late yesterday, their chances dimmed. Judge A. B. Anderson announced today that he would be in Chicago Monday and in Hammond, Ind., Tuesday, which caused the supposition that unless bonds were provided before night by the eleven men seeking appeal they would be sent to Leavenworth.

An incident was related today how Redman and Fairbanks met for a private conversation in the Denison hotel where Redman had been taken under guard for a bath. After a few minutes talk, Fairbanks left the room. Redman then spoke to Mrs. Redman and she burst into tears. It is believed the Democratic leader gave final word that he would not provide bond.

District Attorney Frank R. Dailey waited at his office until after 5 o'clock believing that bond might be presented. While Dailey and other court attaches were expecting Stanley to appear with bond, and while the newspaper offices were receiving numerous telephone inquiries about the status of the bond question, Mr. Stanley was discovered in the office of Roby & Salsbury, stretched out on a divan, leisurely reading a magazine.

Stanley referred all questions regarding the bond to Salsbury, and Salsbury declined to hazard an opinion on the probable time that surety would be obtained.

While in Indianapolis Thursday evening, Crawford Fairbanks expressed the belief that surety might be obtained for the release of some of the accused. Harry S. Montgomery and George Ehrenhardt, members of the board of works of Terre Haute, were expecting to supply bond last evening, but they failed to do so. They were permitted to go to the office of United States Marshal Storen to confer with persons in Terre Haute over the long-distance telephone. Montgomery expressed confidence that surety for his release would be forthcoming shortly. August Fromme and Carl Stahl of Terre Haute visited Montgomery and Ehrenhardt yesterday morning, but they did not supply the necessary surety.

W. L. Slinkard of Bloomfield, at-

AVERAGE FARM WAGE IS LESS

Decrease of Small Per Cent Noted
Last Year Over Year Previous.
Average Was \$29.88

DEPRESSION HIT THE SOUTH

Producers Received More for Farm
Products Last Winter Than
Any Year in Recent Years

(U. P. Staff Correspondent.)

Washington, April 17. — Farm wages in the United States last year were less by 1.7 per cent than in the year before, although 9 per cent higher than five years ago.

For the whole country, the average wage without board in the past year was \$29.88, as compared to \$30.31 the year before, \$27.43 five years ago and \$19.97 fifteen years ago. Nevada averaged \$56 last year the highest among the states; South Carolina averaged \$16.50 the lowest. Where board was added to the

money wage, the average for the United States last year was \$21.05 compared with \$21.38 the year before; \$20.01 five years ago and \$13.90 fifteen years ago. Nevada's \$39 was the highest average, and South Carolina \$12 the lowest.

The average pay, without board, for day labor, other than harvest labor, was \$1.45 a day, compared to \$1.50 a year ago and \$1.29 five years ago. Montana was highest with an average wage of \$2.54. Day wages with board averaged \$1.13, as compared to \$1.16 a year ago and \$1.03 five years ago.

Harvest time day labor, without board, averaged \$1.91, compared to \$1.94 a year ago, and \$1.71 five years ago. North Dakota's average was \$3.25 highest in the United States; Mississippi's, \$1.06 the lowest. The same labor with board was paid \$1.55 as against \$1.57 a year ago and \$1.43 five years ago. State averages ran from \$.82 in Mississippi to \$2.68 in North Dakota.

The depression in the cotton market caused the South to experience the greatest reduction. A few states showed slight advances in some lines.

All post offices now have application blanks for use of farmers who wish to employ help through the government farm labor employment service.

The International Institute of Ag-

riculture gives the following list of countries from which it is forbidden to export certain articles of food:

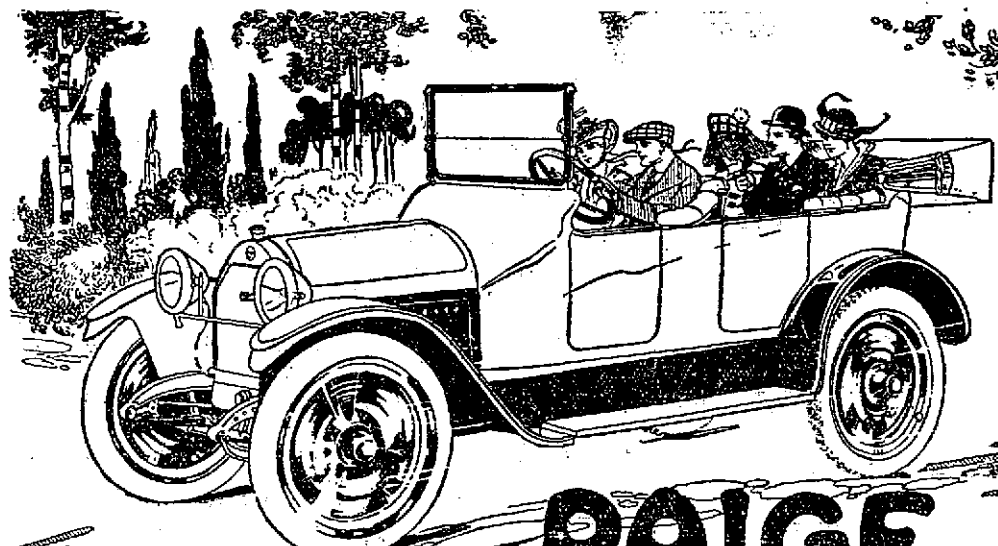

Cereals generally are forbidden to be shipped out of Austria-Hungary, Belgium, Bulgaria, Denmark, France, Germany, Great Britain, Ireland, Italy, Netherlands, Roumania, Sweden, Switzerland, Egypt, Tunis, Union of South Africa, Australia (except to Great Britain) New Zealand, and to some extent, out of Russia and Canada.

Great Britain, Ireland and Switzerland prohibit the export of all foodstuffs.

Producers were paid higher prices for their farm products during the past winter than in recent years. On March 1, crop prices averaged about 7.6 per cent higher than on that date a year ago, 27.1 per cent higher than that date two years ago and 12 per cent higher than the average for seven years on March 1.

The level of prices paid for wheat animals decreased 1.7 per cent during the month from January 13 to February 15, while there had been an average increase for that period in the past five years of 1.4 per cent.

The average price on February 15 of meat animals (hogs, cattle, sheep and chicken) was \$6.46 a hundred pounds, as compared to \$7.27 a year ago, \$6.70 two years ago, \$5.54 three years ago, \$6.19 four years ago and \$6.71 five years ago on that date.

PAIGE

"The Standard of Value and Quality"

In Paige Cars You Will Find Real Economy

Real economy in motor cars is vastly more than a mere matter of tire mileage and low gasoline consumption.

Practically any car of light, "flimsy" construction will make a creditable showing so far as its tires and carburetion are concerned. But *Repair Bills and Depreciation* may tell quite a different story. And these—after all is said and done—are the items of upkeep which stamp your car as an Economy or an extravagant Luxury.

If you have seen the new Paige Six "46", you can readily understand why the item of Depreciation on this car is bound to be a small one. This car is one year ahead of the field. It is not an old model "dolled" up with a fictitious 1915 label and a fictitious price. It is refreshingly new in lines, design and equipment. It belongs to no "school" for it is rapidly establishing a school of its own—the *School of 1916*.

"The year ahead car"—that's what they call the Paige "Six." And if you are really interested in economy, that is the car you will want to buy.

Economy in the Paige "Six-46" Economy in the Paige "Four-36"

\$1395

\$1075

The Paige-Continental 3 1/2 x 5 1/4 motor is undoubtedly the most efficient power plant that can be found in the light Six class to-day. This motor possesses a world of power and "snap", but—in combination with the celebrated Rayfield carburetor—it reduces gasoline and oil consumption to a minimum.

It seems almost absurd to put forward arguments for the Economy and general Efficiency of this world-famous Glenwood Four "36" Model. You know the record that this car has made and consistently maintains. You know how it is regarded wherever automobiles are owned or discussed.

But here is just one more proof—one more endorsement of men who are qualified to judge motor car values.

The Rochester Railway and Light Company of Rochester, N. Y., have just concluded an exhaustive Efficiency and Economy test with practically every medium and low-priced car on the market. These men are experienced—they have employed *fleets of motor cars* for years—so there is real significance in the order that they have just placed with the Paige agent at Rochester for *Eight four-cylinder "Glenwoods"* and one *Six "46"*.

Reliability, Service, Economy of Maintenance—these were the features of Paige cars which induced the Rochester Railway and Light Company to place such a large order.

Then, the Paige Six weighs only 3100 pounds *ready for the road*. Resilient cantilever springs insure that marvel of easy riding, and with scientific weight distribution—there is no unnecessary wear and tear on tires.

So, mechanically, the Paige Six owner can depend upon substantial savings in gasoline, oil, tire and general repair bills. And—most important of all—he knows that his car will suffer less depreciation than any other light Six on the American market. This, because of Paige Design—"year ahead" Design.

All Paige cars are equipped with the Gray & Davis starting and lighting system—the unexcelled Bosch magneto—and a multiple disc clutch with cork inserts. No better features appear on *any car—at any price*.

—Mr. and Mrs. Ed L. Beer went to Cincinnati to day where they attended the funeral of Morris, little son of Mr. and Mrs. M. C. Smith of that place.

GRAND DUKE IS SHOT.

(By United Press.)
Berlin, (By Wireless to Sayville), April 17.—Grand Duke Nicholas, commander in chief of the Russian armies, has been shot in the abdomen by Baron Sievers, who then committed suicide, says a story in a Duisburg newspaper, which declares the news is from unimpeachable sources. They had quarreled after the grand duke had rebuked the baron for a defeat. The grand duke was seriously wounded, the paper said.

MOTHER AND CHILD KILLED.

(By United Press.)
Wabash, Ind., April 17.—Mrs. C. B. Earle, wife of an oil driller, was instantly killed today and her daughter, Beatrice, age three, was fatally injured when they were struck by a Wabash train. Beatrice died later. Another child, age eight, is believed to be dying from injuries.

THREE MINERS KILLED.

(By United Press.)
Bluefield, W. Va., April 17.—The mine of the Davy Porahontas Coal company at Davy, W. Va., blew up early today. This being a slack day in the coal fields, only six men were caught. Three men are dead, but the other three escaped. The explosion was caused by gas and the mine is not much damaged.

ZEPPELIN IN ADRIATIC.

Paris, April 17.—One of the two Zeppelins Germany gave Austria fell into the Adriatic while maneuvering off Pola, according to dispatches received here today. Every member of her crew perished.

MADE WARDS OF COURT.

Five boys were severely reprimanded by Judge Sparks in juvenile court this morning for breaking into the Jersey City school house, and were made wards of the court. They were released pending good behavior. The boys were, Verne Thompson, colored, Harold Jones, Bruce Carr, Norman Reed and Harold Wolcott.

The case of Leander Billman against the Blue River School township and John Handy, to quiet title, has been received in the local court on a change of venue from Hancock county.

Babies were born one day this week to the wives of Harry Headlee and Connie Wagoner of Richland. The mothers are sisters. The Headlee baby is a girl and the other a boy.

Society News

There will be a dinner dance at the Social club rooms next Tuesday evening.

Miss Genivieve Brown will entertain the Shakespeare club Monday night at her home, 530 North Main.

The Tri Kappas will be entertained next Monday evening by Mrs. Charles Offutt at her home in East Sixth street.

Miss Mary Amos entertained the members of the Embroidery club at her home in North Perkins street this afternoon.

The Misses Helen Scott and Genivieve Brown entertained the Auction Bridge club last evening at their home 530 North Main street and was followed by a theater party.

A number of friends of Miss Gladys Bobout surprised her last night on her birthday anniversary. The guests included Mary Louise Poe, Mary Louise Bliss, Beatrice Reeve, Gladys Wallace, Fred Osborne, Robert Helm, Simeon Stewart, Lawrence Clark and William Carter.

Mrs. Will M. Sparks, Mrs. Robert L. Tompkins and Mrs. T. W. Betker entertained a large company of women at the Social club rooms yesterday afternoon. There was a program of instrumental music and songs, and readings and dialogues, by three students of DePauw university—Clarence Ball of Lebanon, George Kadel and Alva Wynne of Indianapolis, who were brought here by the hostesses for the occasion. In the evening Judge Sparks, Mr. Betker and Mr. Tompkins joined as hosts and husbands of the women who were guests in the afternoon were given an elaborate dinner. The evening was spent at cards.

Amusements

The Princess offers a two reel drama "The Apartment House Mystery" for the first picture tonight. Ruth Roland and Cleo Rigley are featured. It is a detective drama filled with interest and mystery. The other is a comedy entitled "The Combination." Sidney Drew is featured in this one, which is a story of the newly weds. On Monday matinee and night the five reel feature "Wildfire" will be shown. Lillian Russell is featured in this great race horse drama. The picture is taken from the play of the same name.

The Gem will show a four reel Apex feature "The Secret Seven" for the program tonight. It is a story of adventure that is said to be full of thrills. One of the thrilling scenes is the escape of the "Secret Seven" in a balloon followed by the detective in an aeroplane. It is said to be a wonderful picture and is a sensation from beginning to end. On Monday night the two reel Imp drama "The Awaited Hour" will be shown. William Shay and Violet Mersereau are featured.

The Mystic will show the two act feature "The Adopted Baby" and the comedy "Frank's Nightmare" for the program tonight. The two reel picture is said to tell a beautiful story and is full of human interest. The comedy is said to be a clever production. On Monday night the two reel drama will be offered.

Two Years of Blunders

The national Republican congressional committee has issued the following statement concerning the two years record of the Democratic congress:

The day of reckoning has come. The legislative history of two years of Democratic rule was completed March 4. Those two years have been marked by one of the most active periods of law making this country has ever seen. With a House ready and able to execute his decrees down to the last word and with a working majority in the Senate, President Wilson took the oath of office March 4, 1913. With prophetic eagerness he summoned Congress in extra session a month later. With the exception of six weeks of respite last fall the party machine has been in operation ever since, grinding out experimental laws that affect every phase of our social and commercial life.

What does a study of that record show?

It discloses the fact that during that time the Democratic Congress has enacted and the Democratic President has signed more crude imperfect and nugatory laws than ever were written during the same length of time by any American Congress. It furnishes an indictment of haste and lack of legislative intelligence that is bound to be humiliating to the party responsible.

That there has been a tremendous

Beware of Ointments for Catarrh That Contain Mercury

as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.

Sold by Druggists. Price 75c per bottle. Take Hall's Family Pills for constipation.

ous quantity of legislation cannot be denied. More than four hundred public laws have been placed upon the statute books by the Democrats since they came into power. These are designated "public" because they appropriate money for general purposes or affect general law. In addition to these hundreds of private bills have been passed.

Those who have closely observed the methods of legislation used by Democratic majority are not surprised at the faulty results. The present administration has been admittedly notable, even notorious, for its steam roller short cuts in enacting laws. Every important bill passed has been put through with small consideration beyond that of party expedience. As soon as the President proposed a law, then a caucus approved it, the majority rushed it through committees and back to the President for his signature, all with as little debate as possible no chance for intelligent consideration or amendment.

It is conceivable that a few bills might be put through a legislative body in this way and emerge in perfect form. But to use such methods indiscriminately as the Democratic Congress has done, is practically to insure the enactment of laws which future Congresses must either repeal or spend many weeks to amend. This is the task which Democratic haste and lustful use of a powerful majority has created for future Congresses.

Specific examples of blundering will not be enumerated in this article. It is enough at present to make the general statement that the Democratic party has "sown a wind of legislation and is reaping a whirlwind of mistakes." Future articles will appear that will show in detail the various instances of blundering careless drafting of bills that finally went on the statute books without correction.

* Have No Effect if Moth Eggs *
* Are in the Clothes *

The various substances used to keep away moths, such as tobacco, camphor, naphthalene cones or balls, tarred paper, and cedar chips have no effect if the eggs are already present in the clothes, and entomology specialists in the United States Department of Agriculture therefore recommend a thorough beating shaking and brushing of all articles likely to attract moths, before they are laid away for the summer. The brushing of garments is especially important in order to remove eggs which may have escaped notice. If the articles are quite free from eggs or larvae when laid away, the odor from the various repellents already mentioned or from cedar chests and wardrobes will serve to keep the moths away. This odor, however, lessens with age, so that the protection it affords is greatly decreased after a few years. For this reason when furs and other valuable garments are wrapped in tarred paper or placed in sacks of tarred paper these containers should be renewed every year or two.

In general moths are likely to affect only articles which are put away and left undisturbed for some little time. Apartments and closets that are frequently aired and swept are not apt to be seriously affected. In fact airing and sunlight are probably the best as well as the oldest remedies. Where circumstances demand that the articles be put away, however, a convenient and effective device is to place them in large paste board boxes such as tailors use and gain a strip of wrapping paper around the edge so as to seal up the box completely and leave no cracks. If the garments have been thoroughly cleaned before being placed in these boxes, no additional protection is necessary and there is none of the objectional odor which is

characteristic of so many moth repellants.

For valuable articles the safest plan is to place them in cold storage. Recent experiments have shown that the larvae of the clothes moth will resist for a long time low temperature if these are uniform, but that the alternation of low and high temperatures quickly results in death. It is recommended therefore that storage companies submit their goods to two or three changes, varying the temperature from about 18° F. to 40 or 50 degrees Fahrenheit. After this preliminary treatment they should be kept permanently at about 40 degrees Fahrenheit. Any lower temperature is a needless expense.

SIX RECEIVE DIPLOMAS

Annual Commencement of Center High School is Held.

The annual commencement exercises of the Center high school were held at the Center church last night, six graduates receiving diplomas. The address was made by the Rev. Clyde S. Black, pastor of the Milroy M. E. church. The diplomas were presented by Superintendent C. M. George to the following: Marion Stoten, Mabel Webster, May Hackleman, Lillian Clark, Ruth McBride and Albert N. Anderson. The Center orchestra played for the occasion.

The Man Who Started "An Appeal to the American People"

Doubtless you have read in the press very recently the one-page advertisement published in 200 American newspapers at a cost of over \$100,000, and which had as its keynote:

"Let Us Alleviate Human Suffering and Preserve Life---Not Help to Destroy It"

signed by the editors of 431 foreign-language newspapers published in this country.

In THE LITERARY DIGEST for April 17th there are many interesting details of this propaganda including a statement from the man who acknowledges having inaugurated it.

Besides throwing light upon this important movement, under the following headings there is much to interest you in other directions in the current number of THE LITERARY DIGEST:

- Business Boom Impending**
- Germany's Dissatisfaction with Our Protest to Britain**
- Omens in the Chicago Election**
- A Chronology of the War from January 1st**
- A Day-by-Day History of the Important Happenings**
- War and Drink at Odds**

Every subject of interest to the average man and woman is dealt with in this foremost American weekly, including the War News, Science, Invention, Literature, Politics, Religion, Foreign Comment, Motoring, Drama, and Sports.

THE LITERARY DIGEST is an ideal magazine for the home— young folks thrive mentally upon it. Ask any school-teacher anywhere, and he or she will be sure to admit that bright children are the rule where THE DIGEST is a visitor. Reading it enables the young folks to take a respectful and intelligent part in discussions at school, at home, anywhere.

UP-TO-NOW IN DESIGN

Designs as shown by some firms are more or less freakish or fadish to attract the attention of the prospective customers with scarcely a thought of their wearing appearance or correctness in proportion. But then they are merely on paper and represent but a small loss if they don't take.

We have faith in our ability as radical designers and as proof we show at our works a most complete selection of ready to erect monuments designed by our nationally recognized designer, Mr. A. H. Schrichte. **J. B. SCHRICHTE SONS**

COLLEGE GOLF SEASON OPENED

Championship This Year Believed to Lie Between Tigers and Crim-son, With Princeton Leading

HARVARD TEAM UNBROKEN

Oarsmen Get in Action Today at Philadelphia—Princeton Meets Middies in Race

BY HAL SHERIDAN
(Written for United Press.)

New York, Apr. 17.—"Fore" was cried today in the intercollegiate golf championship season of 1915. All eyes of the collegiate golf world were turned today to the Princeton University golf course, where the 1914 champion Tigers play the opening game with the golf experts from Harvard University.

The championship this year is generally believed to lie between the Tigers and the Crimson, with Princeton having the edge because all of her team except two were on the championship squad last year.

Harvard's team, too, presented an almost unbroken lineup, with all 1914 veterans except one. R. M. Baker, Harvard's No. 1 man was E. P. Allis, present intercollegiate individual champion. His team is regarded as exceptionally strong and well balanced. Harvard, for the first time in its history, will also have a freshman team this year. The freshmen are not eligible for the varsity for spring matches but will be eligible for the finals next fall.

Princeton's track athletes will also be in the limelight today in the annual Caledonian games at Philadelphia. The Tiger's oarsmen also have their first real workout in a match with the Middies at Annapolis. Princeton has a strenuous rowing program for this year and will enter an eight in the triangular regatta with Cornell and Yale on Lake Carnegie a month hence.

CELEBRATE EARLHAM DAY

Alumni Will Take Opportunity to Express Regret Over Russell

(By United Press.)

Richmond, Ind., April 17.—Earlham college will celebrate Earlham Day tomorrow and many former students and alumni are expected to revisit the Quaker college. Speaking of Professor Elbert Russell, who has resigned because of friction with the college administration, a recent bulletin said:

"A wide-awake pastor will use all the talents at his command."

The alumni, who held Russell in high regard, are expected to accept this opportunity to express their regret over the recent eruption.

SOCCER CHAMPS MEET

(By United Press.)

Vailburg, N. J., Apr. 17.—The final round of the historic tie series for the soccer championship of the American Football Association will be played here tomorrow at Athletic Park between the Brooklyn Celtics and Scottish-Americans. The Celtics are picked to win, having defeated the Bethlehem team, which in turn defeated the Scottish-American for the national challenge trophy.

TENNIS SEASON OPENS

(By United Press.)

New York, Apr. 17.—The real opening of the University of Columbia's tennis season was held this afternoon on South Field against the New York University team. Despite bad weather and snow sullen courts the Columbia court experts are in good form.

MEET ARRANGED

(By United Press.)

Princeton, N. J., Apr. 17.—Another leg of the intercollegiate swimming association championship contest will be fought out here tonight between swimming teams of Columbia and Pennsylvania universities. Yale was also tied for first place.

FIGURES OUT THE ODDS FOR INDIANA

Anti-Tuberculosis Society One Out of Eight And Half Deaths Dues to White Plague

GIFURES FOR SIX YEARS USED

Forty-Four Counties Report Fewer Deaths for 1914 Than 1913 But Rush is Not Included

What are the odds against your death from tuberculosis, if you live in Indiana?

The question was answered today by the Indiana Society for the Prevention of Tuberculosis, which has just concluded an exploration of dusty volumes containing statistics for the past six years.

The figures show that one out of every eight and one-half Indiana citizens who have died in the past six years, 1909-1914 inclusive, have died from consumption in one or another of its numerous forms. During that six year period, the total number of deaths from all causes in Indiana was 215,402. Of this number, 25,511 were caused by tuberculosis, an average of 4,251 per year. This enormous toll of human lives gathered by the "white plague" is greater than the loss from typhoid fever, scarlet fever, small-pox and all other contagious diseases combined.

Forty-four Indiana counties reported a fewer number of deaths from tuberculosis in 1914 than in 1913, according to an announcement issued by the anti-tuberculosis society. The list follows: Allen, Bartholomew, Benton, Blackford, Boone, Clinton, Crawford, Decatur, Dubois, Elkhart, Gibson, Grant, Hancock, Harrison, Hendricks, Henry, Huntington, Jay, Jefferson, Johnson, Lagrange, Laporte, Madison, Miami, Morgan, Ohio, Orange, Owen, Perry, Pulaski, Ripley, Scott, Spencer, Starke, Steuben, St. Joseph, Tippecanoe, Union, Wabash, Warren, Wayne, Wells, White and Whitley counties.

Six counties, Adams, Fountain, Marshall, Montgomery, Porter and Posey show exactly the same number of deaths from consumption in 1913 and 1914, while the remaining forty-two counties show increases ranging from one to nearly one hundred.

CO-EDS TO GET NEW HOME

Annex Being Built at DePauw as Result of Fire

(By United Press.)

Greencastle, Ind., April 17.—Some of the fair co-eds of DePauw University will get almost a new home, as a result of a fire which damaged "Rosa Bower" an annex of Florence a dormitory for women. The annex is being rebuilt and it will practically be a new residence when completed. The loss was covered by insurance and nothing but the building proper was damaged, all of the furniture and property of the girls was saved by the firemen and college students who volunteered their services.

WABASH VS. ILLINOIS

(By United Press.)

Urbana, Ill., Apr. 17.—The University of Illinois baseball team this afternoon met Wabash on Illinois Field.

HARVARD STUDENTS REST

(By United Press.)

Boston, Apr. 17.—The annual spring vacation period at Harvard University began today, with many athletes getting a rest and hundreds going home for a brief recreation.

GOLF BEGINS

(By United Press.)

Princeton, N. J., Apr. 17.—The intercollegiate golf championship contests opened here today with a match between the driver and brassie experts of Princeton and Harvard Universities. A big gallery was out early to see the contestants tee off.

BILLY O'NEIL WAS THE HIGH BIDDER

Was Given Refreshment Privilege at Ball Park by Board of Directors Last Night.

PARK TO BE OPEN TOMORROW

The refreshment privilege at the ball park for the coming season was awarded to William H. O'Neil last night by the board of directors of the Rush County Amusement association. Four bids were received and as Mr. O'Neil's was high the board accepted his proposition.

The work on the grounds and grand stand is progressing nicely. The diamond was graded yesterday and today the sod was being placed in position. Active work was started on the grand stand this morning. The ball park will be open to the public Sunday for inspection. Fans have shown a great interest in the work. Every day hundreds visit the park and look over the plant. All are pleased with the work and are satisfied that the park will be one of the best in the state. The opening game is one week from tomorrow.

WILL OBSERVE DAY MAY 31

G. A. R. Will Hear Address by the Rev. Daniel Ryan of Glenwood.

The Rev. Daniel Ryan, pastor of the Glenwood Methodist church, will deliver the annual Decoration Day address to the G. A. R. The G. A. R. will observe the day on Monday May 31. The graves will be decorated in the morning and the address will be given in the afternoon at the court house assembly room. The annual Memorial sermon to the old soldiers will be delivered by the Rev. S. G. Huntington at the First Baptist church on Sunday, May 30. The committee in charge was elated to secure the Rev. Mr. Ryan for the Decoration Day address as he is one of their members.

EXAMINATION HELD TODAY.

Eighth year examinations for Rushville township were held in the teachers' examination room in the court house today. Similar examinations were also held at Arlington, Milroy, Raleigh, Center, Richland and at Osborne school in Jackson township. Eighth year pupils were examined in the other five townships last month. Those failing in not more than two subjects will get a second trial at an examination to be held in the teachers' examination room at the court house here Saturday, May 15. This will go for the whole county.

N. Y. U. ALUMNI DINNER

(By United Press.)

New York, Apr. 17.—Comptroller Prendergast, Chancellor Brown and Chancellor-emeritus McCracken will speak tonight at the annual alumni dinner of New York University.

YALE MEETS PENN

(By United Press.)

Philadelphia, Apr. 17.—The Yale baseball team this afternoon meets the University of Pennsylvania on Franklin Field.

MIDDIES MEET TIGERS.

(By United Press.)

Annapolis, Apr. 17.—On the Severn river this afternoon the first races of the season will be held between oarsmen of the naval academy and Princeton University.

Best by Test, Fair Promise 5c Cigar

SAGE TEA TURNS GRAY HAIR DARK

It's Grandmother's recipe to bring color, lustre and thickness to hair when faded, streaked or gray.

That beautiful, even shade of dark, glossy hair can only be had by brewing a mixture of Sage Tea and Sulphur. Your hair is your charm. It makes or mars the face. When it fades, turns gray, streaked and looks dry, wispy and scraggy, just an application or two of Sage and Sulphur enhances its appearance a hundredfold.

Don't bother to prepare the tonic; you can get from any drug store a 50-cent bottle of "Wyeth's Sage and Sulphur Compound," ready to use. This can always be depended upon to bring back the natural color, thickness and lustre of your hair and remove dandruff, stop scalp itching and falling hair.

Everybody uses "Wyeth's" Sage and Sulphur because it darkens so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through the hair, taking one small strand at a time; by morning the gray hair has disappeared, and after another application it becomes beautifully dark and appears glossy, lustrous and abundant.

A Boy Should Look Neat!

The Character of His Clothes Gives Him That Appearance

The boy wearing XTRA-GOOD is a picture of comfort, ease and confidence, due to his clothes.

The soft roll with three buttons can be worn the same as older men to show two buttons. Coat plain front or with plaits; some of them with two piece belts—others sewed on belts. All with patch pockets. New appearing, stylish fabric and in good style.

The long wearing qualities of these XTRAGOOD suits please the mothers. The boy likes his suit because he is comfortable in it. He finds he can use it roughly—play in it all he wants and doesn't get scolded as often, because the suit keeps its good appearance, due to particular making.

MEAT INJURIOUS TO THE KIDNEYS

Take a tablespoonful of Salts if Back hurts or Bladder bothers—Meat forms uric acid.

We are a nation of meat eaters and our blood is filled with uric acid, says a well-known authority, who warns us to be constantly on guard against kidney trouble.

The kidneys do their utmost to free the blood of this irritating acid, but become weak from the overwork: they get sluggish; the eliminative tissues clog and thus the waste is retained in the blood to poison the entire system.

When your kidneys ache and feel like lumps of lead, and you have stinging pains in the back or the urine is cloudy, full of sediment, or the bladder is irritable, obliging you to seek relief during the night; when you have severe headaches, nervous and dizzy spells, sleeplessness, acid stomach or rheumatism in bad weather, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning and in a few days your kidneys will act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys, to neutralize the acids in urine so it is no longer a source of irritation, thus ending urinary and bladder disorders.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink, and nobody can make a mistake by taking a little occasionally to keep the kidneys clean and active.

LOCAL MEN ARE ON COMMITTEE

Earl H. Payne, Samuel L. Trabue and James V. Young to Have Part in Golden Jubilee.

OF SCOTTISH RITE MASONS

Banquet Planned in Connection Will Be Event of Great Interest—End of Half Century.

Announcement has been made at Indianapolis of the appointment of Earl H. Payne, Samuel L. Trabue and James V. Young as members of a committee on fraternal courtesies, which will play a prominent part in the Golden Jubilee celebration of Scottish Rite Masons at Indianapolis, May 17-21.

On this committee, of which Brundt C. Downey of Indianapolis is chairman, are active Scottish Rite men of various cities in what is known to Masons as the "Valley of Indianapolis." This committee is in charge of the work of arousing interest in the celebration, which will be one of the most elaborate Masonic events ever held in the country.

The celebration marks the completion of fifty years of the Scottish Rite in this state. In honor of its half century of existence, the order will initiate the largest class of candidates it has ever had in this jurisdiction. Many of the most distinguished Masons in America have accepted invitations to attend the ceremonies.

The banquet being planned in connection with the Golden Jubilee is an event of great interest, as it is expected to be literally a case of "feeding the five thousand." No attempt was ever made previously in this state to have a monster banquet at which thousands were seated at tables and entertained by a program of unusual attractiveness. Tentative arrangements have been made to have this banquet at the big coliseum at the state fair grounds. Preceding the banquet there will be an automobile tour of the boulevards of Indianapolis by the visiting Masons. It is estimated that nearly one thousand automobiles will be necessary to carry on this trip the thousands of guests, who will later take part in the banquet.

The program for the entire jubilee celebration has not yet been announced, but word has been sent out from the Scottish Rite headquarters that every hour of the days set aside for the celebration will be crowded with events that the Masons can not afford to miss.

Notice to Contractors

Notice is hereby given that the Common Council of the City of Rushville, Indiana, will receive sealed bids or proposals for the paving of Second street, from west side of Jackson street to the J. M. & I. railroad, according to the drawings, plans and specifications now on file in the office of the City Clerk, until 7:30 o'clock p. m. on

the 29th day of April, 1915.

Each bidder must file with the City Clerk of said City when he files his bid the usual statutory affidavit and deposit with him the sum of (\$500) Five hundred dollars as a guaranty that he will accept said bid and carry out the construction of said work. The successful bidder will be required to give a bond with surety approved by the said Common Council, insuring the faithful completion of said work according to the contract.

The Board reserves the right to reject any and all bids and re-advertise for said work.

CARL L. GUNNING,
April 10-17 City Clerk.

Notice to Farmers.

WILL FELTS

Mrs. Austin's Bag Pancake, delicious light cakes for breakfast, all grocers.

ZEPPELINS DID DAMAGE

Officers of English Coast Guard Killed and Wounded.

(By United Press.)
Berlin, (By Wireless to Sayville), April 17.—Zeppelin airships caused severe damage to English coast towns in their raids yesterday, according to private dispatches which were received here today from Holland. Several officers of the English coast guard were killed and wounded and bombs were dropped upon British ships patrolling the coast to protect the ship yards. Bombs also fell on the English docks.

This information is said to have been communicated to Holland in confidential cablegrams from England.

ONLY ELEVEN DAYS TO FILE EXEMPTIONS

Must be in Hands of Auditor by May 1, Which is Near Neighbor to Last Taxpaying Day

THAT FALLS ON MONDAY MAY 3

To exempt your mortgage from taxes you have only eleven week days now to act. Such exemptions must be filed by May 1st with the auditor in order to secure the exemption according to the law. There is usually a grand rush towards the end of the period and always the possibility of overlooking it altogether if the matter is put off too late.

It is necessary for the exemptions to be sworn to before a notary or a justice of peace. Any notary or a justice can properly make out the exemptions. Several have been filed with the auditor and with but eleven days remaining the exemptions should come in fast from now until the close of the period.

The last day for filing exemptions is a near neighbor to the last day for paying the spring installment of taxes which is Monday, May 3rd. The taxes have been coming in pretty well for some time, but there is always a big rush the last few days and the spring installment comes at a time that is hard for the farmers to leave their work. For this reason those who neglect their taxes until the last usually send their wives or daughters to town to look after the taxes.

CO-EDS KICK ON FLANNEL SHIRTS

Girls at Colorado College Object to General Appearance of Men Students—Especially Engineers

SONG DEDICATED TO THEM

(By United Press.)
Colorado Springs, Colo., Apr. 17. Are flannel shirts corduroy trousers and boots and an occasional two days' growth of beard proper for a man in a coeducational college? "No" declare the girls at Colorado College here. "Be more careful in your appearance around us" they say, in effect.

The engineers, against whom the co-eds are particularly incensed, advised the girls to pay more attention to their own dress, that is, to dress more. The engineering students have a song that goes: "We are the bold bad engineers of Colorado C.

We are so rough, we are so tough That no one wants to be One of our band or grasp our hand.

But most of all it hurts For every girl, her nose to curl, At our good flannel shirts.

At our good flannel shirts, boys, At our good flannel shirts— Just hear them rave when we don't shave, Those silly, silly, skirts."

IS CERTAIN TO CARRY DISEASE

Immigration Likely to Bring in Scourges Which United States Must Guard Against

ESEPECIALLY WHEN WAR ENDS

Public Health Service Will Double Its Vigilance When Foreigners Begin to Come Again

Washington, Apr. 17.—When the European war ends it will be necessary to increase the number of America's health guardians in Europe Surgeon Rupert of the United States public service said today. Until then, the danger of the spread to the United States of any of the epidemics now afflicting some of the war-ridden lands is small.

"Serbia and other southern European countries," said Dr. Blue, "are being scourged by typhus, but the immigration from those countries, of course, is at a standstill now and since only the immigrants themselves could bring the disease here, we have little to fear. Typhus, an epidemic of which usually results in many deaths, is communicated entirely by vermin. It is worst in cold weather, when most clothing and bed covering are used. The European epidemic should subside with warm weather.

"The conditions under which the Servians and the others have been fighting has rendered it almost impossible for them to combat the disease. Baths, necessarily, are few and far between. I was told a few days ago by a friend just from France that soldiers frequently came into the hospitals who had not had their shoes off for months, so that they had to be cut from their wearers' feet. The soldiers simply had not been able to leave the trenches long enough to take care of themselves. Conditions like these make the spread of typhus very rapid.

"We can guard against it here by quarantining newcomers until they have been put through a purifying process including bathing, shaving, their heads and anointing. Women, of course, will not permit their heads to be shaved and a very strong germicide is necessary to make sure they do not bring typhus bearers into the country.

"Cholera is apt to spread more in Europe with summer's return. The lightness of travel from there will help to protect the United States for the present.

"After the war if the expected heavy immigration begins, we will have greatly to increase the number of our agents in foreign ports to inspect the emigrants. In some cities, Naples, for example, where we have three, we are fairly well protected, but in other places we depend on the consul or some person designated by him.

"I donot believe that, with the exercise of diligence, we need fear being drawn into Europe's war with disease."

TEN MEN IN JAIL.

Sheriff Cavitt is running a real for sure hotel at the county jail. At present there are ten men in jail here and it is no small job to cook for and feed this number three times a day.

All of the ten men are regular boarders, having been sentenced to long terms. This is almost a record here, although two years ago Clara Behout, who was sheriff had fifteen prisoners over night. This number was in for only the one night. Sheriff Cavitt has the prisoners both upstairs and down.

IS WRITTEN BY JUDGE MORRIS

Opinion of State Supreme Court
Holds Druggists Can't be Prosecuted Under "Blind Tiger" Act

COURT OVERRULES ITSELF

It is Declared Prosecution Against
Drug Stores Must be on Some
Certain Sale

The state supreme court has just held that a licensed druggist can not be convicted of illegal sales of intoxicating liquors under the "blind tiger" act. In reaching such decision the court overruled an earlier decision affirming the Clinton circuit court in convicting D. W. Rignish of keeping a "blind tiger," and for which he served a term in jail after the affirmation of his conviction November 20, 1912. The opinion was written by Judge Douglas Morris of this city.

The court in its decision points to the wording of the statute and says by its plain provisions licensed druggists are not within the provisions of the act, and that the matter was not presented in the Rignish appeal and for that reason was overlooked by the court but being presented at this time the court will construe and decide the law as it is, regardless of the former decision.

The case in which the decision is made is the appeal of William E. McDougal from a judgment of the Randolph circuit court convicting him of running an unlawful place for the sale of liquor under the "blind tiger" act. On his defense McDougal offered in evidence the fact that he was a licensed druggist, which evidence the court excluded as incompetent and no defense to the prosecution. On this refusal to admit the evidence, Mr. McDougal rested his appeal averring he had not had a proper trial. The attorneys for McDougal called the supreme court's attention to the wording of the statute, which, after setting forth what should constitute the offense and the penalties is followed by the following proviso:

"Provided. That none of the provisions of this act shall apply to any person firm or corporation engaged as a wholesale dealer who does not sell in less quantities than five gallons at a time and provided that none of the provisions of this section shall apply to any druggist or pharmacist who is licensed as such by the state board of pharmacy. Provided, further, That a wholesale dealer as used in this act shall be construed to mean," etc.

The word "provided" at the beginning of the quotation and the words, "provided further," each are in italics, and each commenced with a capital letter, while all of the provisions regarding the retail druggist are in ordinary print, the same as the rest of the statute, without capitals, italics, or punctuation or other matter to attract attention without reading; that it was not a part of the provisions of the statute regarding wholesale druggists, and a mere scanning of the statute, with reading would not disclose its presence.

The court in construing the law, says: "The general and appropriate office of a proviso is to restrain the enacting clause and except something which would otherwise be within it. With the wisdom of such exceptions as of legislation generally courts are not authorized to deal, where the legislative intent is unequivocal.

"Where such purpose is uncertain however, the reasonableness of an assumed interest may be considered. The language of this proviso to the effect that no provision of the section shall apply to a practically foreclose controversy."

The court shows that the legislature has provided other provisions for prosecutions for illegal sales by druggists, and says that this may have been the reason why the druggist was excluded from the provisions of the law.

The prosecuting attorneys in the "dry" counties have been inclined to prosecute druggists under the "blind tiger act" for the reason that it gives opportunity to show the number of sales of intoxicating liquors the manner in which the drug store is run and the quantity of liquor handled and all of the other matters which go to show that it is really run as a liquor store instead of being a drug store in its true sense. When a prosecution is attempted under one of the acts relating specially to drug stores, the prosecution must be on some certain sale to some certain individual and requires more specific and more difficult proof, and for that reason prosecutions of druggists under the "blind tiger act" have been numerous.

and to create a professionally capable head of the road system in each county, with a corps of assistants who would be under bond to do their duty.

The winner, who spoke last, was far more convincing. He declared that the county government was one of the most important units neglected, but that investigators from other states had found Indiana had the most perfect system now in use. Investigators for four states, he said, had recommended the adoption of the system used in this state.

"So we can't say it is wholly bad or wholly good," he concluded, "else we would not have the subject before us. The lack of economy does not lie in the inferiority of its offices. The county has a head, but it is weak. The deficiency is in the county commissioners and county council and the method of electing them. The council appropriates all the money the county uses and meets only once a year, unless by special call of the auditor. The council should devote more time and be paid more money."

He advocated the short ballot and placing the members of these two boards in more important positions on the ballot so more attention would be called to them. He advised that other county officials be placed on the merit system because the work is largely clerical and the offices should be filled by the men who are the most capable. He said the attention of the public be directed to the county officials by instituting a public bureau whereby the record

of every county official would be open to the inspection of the public.

In rebuttal, the Charlottesville contestant, upheld his contention that the county government has no head, but that there simply boards of supervisors.

The Newcastle representative asserted that in 1914 sixty-two per cent of the taxes was spent for the upkeep of highways. He said it cost \$7,000 more in one year in Henry county to keep up highways than all other expenses. By applying business methods to road maintenance, he declared, \$15,000 could be saved annually in his county. He said great reforms did not come in a day but that the road repair system could be changed with ease. He asserted \$300,000 was spent annually for road repair in the counties of the sixth district and ventured the opinion that \$45,000 of it was expended needlessly.

The Richmond candidate said alternation of elections would not affect county government. He refuted the assertion of his opponent that the county government was headless. He said it was only deficient. He admitted the importance of the road question but asserted that it was only one of many things that should be done to improve county government.

The Rev. A. D. Batchelor, E. B. Thomas and John P. Frazee were the judges.

DRAMATIC CHAT

BY BEAU RIALTO
(Written for United Press.)

New York April 17.—Gotham may have a municipal theatre. Plans were set afoot today for establishment of a city playhouse to put before the public, at popular prices, the best that the stage can produce.

The New York Drama League is behind the playhouse project, which has been broached often before but now seems to have prospects of success. Some "angels" have been found along the wealthy membership of the Drama League, I am told, that will start a subscription fund toward the city theatre. At present the plans are only to lease a theatre, but if the movement is successful it is the ultimate aim of the promoters to buy a home for the League productions.

A feature of the plan, to spread out the burden of expense, is also to have Drama League of Boston Philadelphia, Washington and other eastern cities join in the production at least, of plays to be toured through the League's circuit. This, it is felt, would insure the benefit of all of the Leagues and incidentally increase their membership in each city, as initial productions of plays would probably be largely confined to the league's membership.

Marie Tempest is getting a "welcome home" reception, according to reports reaching here, in her tour of the Canadian northwest under John Cort's direction with her English Company. She is now playing at the Walker Theatre in Winnipeg and will tour Canada and the Pacific Coast well into the summer.

"Do Not Whistle" is a sign displayed at the 39th Street Theatre. Lou Tellegen playing "Taking Chances" there is responsible for the ban on whistling. That whistling on the stage, except during performances of a musical play is bad luck is a French stage superstition to which Lou Tellegen clings.

Contrast of Francis J. Boyle, mammoth basso, and Mme. Emma Trentini, diminutive prima donna, while playing together in "The Penitent Girl" are amusing New York opera patrons. Boyle weighs 250 pounds and stands 6 feet 2. Mme. Trentini weighs 95 and measures up 4 feet 10.

LET'S GET TOGETHER ON THIS SILO SITUATION

I want to talk to every farmer around here who is planning on building a Silo this year. I can help you choose the kind of a Silo you need to feed your stock. According to my way of thinking, there is just one real silo made—and that's the SAGINAW SAGINAW SILOS are Steel-built. They stand up against wind storms. They are air tight. They give sweet, clean succulent silage all the way through. A SAGINAW SILO will bring you more profit on the farm. By all means let me tell you about the SAGINAW SILO before you decide on a Silo. Let's get together.

"COPPER ZONE" EFFECTIVE MAY 1

New System of Collecting Fares to be Installed on I. & C. Held to be More Equal.

BASED ON CENT TO HALF MILE

The order of the State Public Service Commission in Indianapolis yesterday, making the "copper zone" method of collecting passenger fares on the Indianapolis & Cincinnati Traction company's lines effective on and after May, will make some material difference in the fares in some instances less and others more. This plan is held to be more equal than the present scale because passengers pay for the distance they actually ride, at the rate of one cent for each half mile.

The fare one way either in cash or with ticket is the same, but on round trip a few cents will be saved by purchasing tickets. For example the round trip fare in cash from here to Indianapolis will be \$1.64, whereas eight cents will be saved by purchasing a ticket. The saving decreases as the mileage traveled decreases.

The fairness of the new method may be seen in this one example. Under the present rate a passenger to Helm's stop east of here and on to the first stop the other side of Maury has to pay ten cents. Under the "copper zone" system, the fare to Helm's will be seven cents and to the other point fourteen. Provision is not made for a fare under five cents.

Revival meetings are being conducted at the court house assembly room each evening by Evangelist N. S. Duncan. A street meeting will be held in front of the court house this evening at seven o'clock. The sermon tonight and Sunday night will be preached from a chart. The subject tonight will be, "When and How to Get Saved" and for Sunday night, "The Great Serpent Sin."

ARRAIGNED TODAY ON TWO CHARGES

Jesse Easley, Colored, Now Under Suspended Sentence, Accused of Drawing Deadly Weapons.

UNABLE TO GIVE \$550 BOND

Jesse Easley, colored, was arrested late yesterday afternoon on two charges preferred by Gilbert Morris. Easley is charged with carrying concealed weapons and with drawing deadly weapons. He was arraigned before Judge Sparks and bond fixed in each case. The bond was placed at \$500 on the charge of drawing deadly weapons and at \$50 on the other charge. Easley was unable to give bond and went to jail.

Easley has been in trouble before and now has a suspended sentence of from one to eight years hanging over him. He pleaded guilty to a charge of petit larceny at the start of this term of court and was sentenced by Judge Sparks. The sentence was suspended pending good behavior. If Easley is found guilty on either of the two charges filed by Morris the sentence will likely be enforced by the court.

COULTER TELLS STORY OF DUEL

Man Accused of Shooting Frank Beagle at Greensburg on Witness Stand in Murder Trial.

SAYS VICTIM SHOT AT HIM

Greensburg, Ind., April 17.—The defense in the Samuel Coulter murder trial rested this afternoon and the argument of attorneys was to begin today. Coulter is on trial for the murder of Frank Beagle of near Springhill in Greensburg February 13th.

Coulter testified that he had been told that Beagle had threatened to "get even" with him for an old quarrel a year ago, when Beagle caused Coulter's arrest on a grand jury indictment. Coulter said that on the night of the shooting Beagle came into his place and Coulter ordered him out. On the outside Beagle fired a shot, which went wild. Later, as Coulter was returning from the police station, where he went to summon an officer, he met Beagle in a dark place two or three blocks from the police station. Coulter testified that Beagle fired at him and the bullet grazed his neck. Coulter then took out his revolver and fired three or four times. Beagle went to a physician's office and was arrested, dying later.

Frank Elder and Wood Ketchum told substantially the same story as to the firing of the shots. Ketchum said he examined Coulter's neck a few minutes after the shooting and found a red streak under the chin. One witness said he heard Beagle say that he intended to "get Coulter before he went home that night."

Attendance at the trial broke all previous records. It is said that more persons never were known to have crowded into the Circuit Court room.

HAND BADLY LACERATED

George W. Krammes Injured While Loading Piece of Iron.

George W. Krammes, 56, living southwest of the city, met with a painful accident late yesterday afternoon to his left hand. Mr. Krammes was unloading a heavy piece of iron at the Schatz Junk shop in West Third street, when it fell on his hand, tearing the skin loose and requiring fourteen stitches. The injury caused Mr. Krammes much pain and a restless night, but today no serious developments were in evidence. It is considered fortunate that no bones were broken.

BARGAINS ARE ALWAYS ADVERTISED

THE RUG THAT STOOD AN ELEVEN-DAY TEST

Is now on exhibition in our window

After Eleven Days of Severe Use the Anglo Persian Fulfills its Promises for Service.

Laid on the sidewalk in front of our store for eleven days (7 a. m. to 10 p. m. each day) subjected to all kinds of wear and weather, walked on by thousands of pairs of dirty shoes and is now as good as new.

NOT A SEAM RIPPED, THE ORIGINAL COLOR IS UNBLEMISHED, THE SURFACE YARN IS UNMARRED.

THE ANGLO-PERSIAN AMERICAN ORIENTAL RUG

Has stood the supreme test. It's the rug you want in your home, it's the rug that guarantees lasting service. Our carpet department will show you a complete selection of those famous rugs, beautiful patterns and colorings. It's the common priced Oriental rug of today for all classes. Call and have a look at it after it has gone through the hardest test ever given to a floor covering.

The best is always the cheapest in the end and this rug is the cheapest in the beginning. An examination of it will convince you of its supreme merit.

NO RUG LIKE THIS ANYWHERE

WHITTALL'S have not won their reputation for making the finest rugs in all America without deserving it. It took a long while, much experiment, expenditure of large sums, and always patience, and then more patience. At last they won, and Anglo Persian rugs are properly rated as their greatest accomplishment, as the finest rugs made in the whole length and breadth of the United States.

They are thus rated not because of one thing.

THEY HAVE MANY POINTS OF EXCELLENCE

They are beautiful in pattern. They are rich in color. They are firm in texture. They have strength and supply beauty. They are of such diversity of design that one is easily found to fit into any special plan of decorating and furnishings. And they are of such splendid material that they give long and satisfactory service.

PERFECT IN EVERY STANDPOINT

The dyes that go into coloring the splendid yarns are time-tested. The yarns themselves are specially selected. The patterns are often copied from rich and rare carpets of the Oriental East. Sometimes the designers catch the inspiration of the old school. Here again is a rug that shows adaption that is singularly beautiful. But quality is the keynote, the one great feature. It is quality that shows in pattern and in colors, in weavings as in every feature that combines to make genuine lasting rug goodness.

The Window is Open

You are earnestly requested to step inside and examine the Rug that stood the severest test ever given a floor covering. The dirt you see on exhibition was taken, from the rug in one sweeping, or about one-eleventh of the dirt ground into the rug during the time it was on the walk.
